SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF JANUARY 1905.

THE weather of January was chiefly characterised by the beginning of a remarkable series of depressions, which appearing first in the west advanced slowly across the province. Though these depressions were not all equally well marked, nor followed an equally definite path, they were distinguished by the same general characteristics. The most of them were accompanied by rainfall, but their leading feature was the variation in temperature which took place as they passed over the province. In the first place there was a rise especially in the night temperature, the day temperature owing to the accompanying cloud and rain remaining generally low. As the low pressure however moved eastwards and was succeeded by high pressure from the west, temperature fell rapidly to a point below its original height; and as these depressions followed each other with great rapidity, temperature gradually sank to an abnormally low point over the province.

At the beginning of the month weather was fine and seasonable with unusually high pressure, the excess being as much as quarter of an inch in parts of Bengal. Conditions remained very settled for the first eight days of the month, and although pressure fluctuated slightly during that period, it remained considerably above the normal throughout the province. Temperature likewise varied but little and was for the most part normal or slightly below. It was not till the 9th of the month that there was any indication of a material change in the weather. On that date a rapid fall of the barometer set in, which brought the pressure nearly down to normal. This fall of pressure was part of a general change which was taking place in the meteorological conditions of Upper India and which was primarily brought about by atmospheric movements in the regions lying to the north-west of the Indian continent. The first area of low pressure, to which these disturbances gave rise, though not very well marked in North-East India, influenced the weather in Bengal considerably from the 12th to the 13th, giving rise to light to moderate general rain over the province. This disturbance was followed very rapidly by a fresh depression which was shown over the Central Provinces on the 15th, and which was no doubt due to the same general causes. Light rainfall accompanied this second depression on the 16th and 17th. Temperature which on the 10th had been below the normal everywhere rose under the influence of the first disturbance; in the interval between the first and second disturbances it speedily fell once more; and as owing to the cloudy and rainy weather accompanying the latter day temperatures were very low, the mean temperature, notwithstanding a small rise in the minima, remained below the normal. The usual fluctuations of the barometer accompanied the passage of the two depressions, but on the 17th pressure was again above normal.

On the 18th a fresh area of low pressure was shown over the Central Provinces; it speedily passed eastwards on the two succeeding days, causing light precipitation over the province between the 18th and 20th. On the 20th pressure was again relatively high in the west, but a fresh fall had already commenced indicating the advance of still another disturbance from North-Western India.

Temperature had, in obedience to the principles indicated in the introductory paragraph, slowly fallen, and on the 20th was everywhere considerably below the normal.

The depression now under consideration was better defined and deeper than any of its predecessors, and as it advanced across the province from the 21st to the 24th, gave rise to general though for the most part light rainfall between these dates. On the morning of the 25th the depression had disappeared, and pressure was again nearly normal over the province.

During this period of disturbed weather, night temperature had risen so considerably as to bring the mean above the normal notwithstanding the low day temperatures which prevailed everywhere. With the disappearance of the disturbance, however, temperature began to fall very rapidly. What may be described as a cold wave advanced across the whole of Northern India in the rear of the depression, and brought both night and day temperatures to an abnormally low point. From the 25th the defect of mean temperature below the normal was nearly 10° over the whole province.

The recovery of pressure on the latter date was, however, shortlived. Still another depression was advancing from the west, and as early as the 27th the pressure over the province began under its influences once more to fall.

This last disturbance of the month was not accompanied by any rainfall, but it produced the usual effect on the temperature. Especially between the 28th and 29th, when the province was most directly under its influence, was there a sharp rise in temperature which finally brought the mean above the normal on the latter date. Rising pressure, however, extended very rapidly from west to east in the rear of the storm and was accompanied by a fresh cold wave, whose influence began to be felt in the west and north of the province on the last day of the month, and which again brought abnormally low temperatures to the whole of Bengal in the early days of February.

Pressure.—During the first eight days of the month pressure was high. On the 9th the change of weather set in, and the various depressions as they passed across the province brought with them the usual fluctuations in pressure, *i.e.*, a fall of pressure in advance of the storm and a rise in pressure in its rear. Though, however, during this period the province

was chiefly under the domination of low pressure, the very high pressures which prevailed in the first seven or eight days of the month more than counterbalanced the defect thus caused, and mean pressure for the month is slightly above the normal.

Temperature.—The main features of the temperature variations have been already noted. Day temperatures were almost continuously low, while night temperatures rose above the normal, while the various depressions were actually passing over the province; both night and day temperatures reached a very low point under the influence of the cold wave which followed the penultimate depression of the month. Mean temperature is accordingly in defect over the whole province, and so likewise is the mean maximum, the defect in the latter case being more marked than in the former. On the other hand Orissa and a narrow strip of Central Bengal show a slight excess over the mean daily minimum.

Rainfall.—The precipitation of the month was confined to the period between the 13th and 24th of January and was due to the cold-weather storms which crossed the province between these two dates. Rainfall was largely above the average in South-West Bengal, Orissa and Chota Nagpur, but the effect of the depressions as far as rain was concerned was not so marked in the Eastern Divisions, and the rainfall was consequently in very slight defect in East and North Bengal. In Bihar, where the normal precipitation for January is greater than that of the rest of the province, the rainfall was nearly of average amount.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the month of January 1905:—

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☁, dew; o, overcast; g, gloomy; p, passing temporary showers; t, thunder; ≤ lightning; K thunderstorm; ⁄, strong wind.

Bhagalpur.

No. 1126L.R.—The 17th February 1905.—Whereas it is expedient that a survey shall be made and a record-of-rights prepared in respect of all lands included in the estates noted below belonging to Government in the district of Bhagalpur:

In exercise of the powers conferred upon him by section 101 (2) (*c*) and section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of the under-mentioned estates.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(*c*) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid and the customary terms according to which such rent is paid;
(*f*) the mode in which that rent has been fixed—whether by contract, by order of a court, or otherwise;
(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*h*) the special conditions and incidents, if any, of the tenancy;
(*i*) if the land is claimed to be held rent-free,—whether or not rent is actually paid; and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(*j*) the custom of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

Manbhum.

No. 1133.—The 28th February 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Sijua Colliery siding in mauza Sijua, district Manbhum; and whereas coal-mines are situate under the said land, and whereas the Sijua Coal Company, Limited, through their Agents, Messrs. Balmer, Lawrie and Company, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sijua mines; and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Sijua Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Sijua Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

No coal shall be extracted from the pillars formed by the drivings already made over and above such coal as is necessary to be extracted in the process of making manholes, not exceeding 5 feet high × 3 feet wide × 4 feet deep, if required by rule 8 of the rules made under the Indian Mines Act, 1901, and published with the notification of the Government of India in the Department of Revenue and Agriculture, No. 864—68-20, dated the 10th March 1904.

No drivings or excavations shall be made or coal extracted on the north-west side of level gallery proceeding from No. 12 shaft in the top seam, or on the north-west side of the line GH marked in red on plan marked No. 24 (1) in the bottom seam.

In both seams, on the south-east side of the points mentioned above, the galleries shall be made no higher than the height of the seams, not more that 12 feet wide, and with centres not less than 60 feet apart. Provided that, in the bottom-seam, galleries, with centres not less than 60 feet apart, may be driven in the direction of the north-west and south-east sides to or from the highest level gallery driven below the line EF to or from the present workings.

Manholes not exceeding the dimensions given above shall be made, if required by the above mentioned rule.

No further excavation shall be made in any of the galleries which have already been driven and the actual lengths and widths of which have been recorded on plans marked LAMA No. 24 (1) and No. 24 (2) and signed by the Chief Inspector of Mines.

The plan hereinbefore referred to may be seen in the office of the Chief Inspector of Mines.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8 Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

		Rs.	A.	
I.—Long leases,	16th June to 15th November ...	1	0	per acre.
II.—Season leases,	16th „ to 15th „ ...	1	8	„ „
III.— Ditto,	16th November to 28th February ...	0	8	„ „
IV.— Ditto,	1st March to 15th June ...	2	0	„ „
V.—Water supplied to tanks ...		1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from distributary of the Dhaka Canal for a term of years, commencing on the 16th June and ending 15th November. WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2 The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance, the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th „ to 15th „ ...	1	8	„
III.— Ditto, 16th November to 28th February ...	0	8	„
IV.— Ditto, 1st March to 15th June	2	0	„
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from Distributary of the Teur (Madhuban) Canal for a term of years, commencing on the 16th June and ending 15th November. NOTIFICATION.

CONSTITUTION OF THE BOARD OF EXAMINERS FOR THE PRESIDENCY COLLEGE, CALCUTTA, FINAL COMMERCIAL CLASS EXAMINATION TO BE HELD IN APRIL 1905.

President	Principal of the Presidency College.
Members	Mr E. Henry, of Messrs. Blackwood & Co. Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co.
(1) Examiners in English ...	Mr. F. H Stewart, B.A., Oxford, Lecturer, C Class, Presidency College. Revd. Mr. Wann, Principal, General Assembly's Institution
(2) Examiners in Mathematics ...	Babu Gouri Sankar De, Professor, General Assembly's Institution. Babu Sarada Prasanna Das, Professor, Presidency College.
(3) Examiners in Physics and Chemistry and Physiography.	Mr. J. A. Cunningham, Professor, Presidency College. Mr. H. H. Hayden, Lecturer on Geology, Presidency College.
(4) Examiner in Commercial History and Geography.	Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.	Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.	Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (*a*) English, including Grammar and Composition, (*b*) English correspondence, including Commercial correspondence, and (*c*) Letter-drafting and Précis-writing; (2) (*a*) Arithmetic and Algebra, (*b*) Geometry, Trigonometry and Conic Sections; (3) (*a*) Physics, (*b*) Chemistry and (*c*) Physiography; (4) (*a*) Commercial History, (*b*) Commercial Geography; (5) Drawing and Penmanship; and (6) (*a*) Book-keeping, (*b*) Shorthand and (*c*) Typewriting.

The papers be will prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the mercantile members of the Board on the suitability of the questions.

Regulations in connection with the examination.

(*a*) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.

(*b*) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (*i.e.*, it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—

(*c*) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.

(*d*) If a student passes as required under (*b*) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (*c*). No certificate shall be issued for merely passing in the subjects of English and Mathematics.

(e) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.

(f) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.

(g) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.

(h) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.

(i) The questions in each subject shall be fairly distributed over the whole course in that subject.

(j) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.

(k) The examination will be held on the dates and hours and in the order noted below :—

No. 1070M.—The 28th February 1905.—It is hereby notified for general information that, in accordance with the recommendation of the Commissioners of the Balasore Municipality, in the district of Balasore, made at a meeting, the Lieutenant-Governor intends, in exercise of the power vested in the Local Government by section 9 (*c*) of the Bengal Municipal Act, III of 1884, to revise the boundaries of the said Municipality so as to include within its limits the following area, unless good reasons are shown to the contrary within six weeks from the date of publication of this notification within the Municipality:—

Balasore.

The area to be added is bounded—

On the north.—By an imaginary line drawn along the bank of the Nuniajuri river, running from the southern end of the Nuniajuri bridge in the east as far as the village Begunia in the west.

On the west.—By an imaginary line drawn parallel at a distance of 1,200 feet (running from the north to the south between the boundary line of the two villages, Arar Bazar and Begunia, from the Nuniajuri river in the north, where the western end of the aforesaid northern boundary line ends, to the junction of the diversion Grand Trunk Road and Mitrapur road on the south) to the west of the portion of Old Grand Trunk Road, from Mitrapur Road on the south up to the southern end of the Nuniajuri bridge on the north, and from the junction of Grand Trunk Road and Mitrapur road, with a bend to the east along the southern side of the Mitrapur road, up to the northern end of the eastern fencing of Railway station compound, and from thence along the eastern fencing of the Bengal-Nagpur Railway station compound towards the south as far as the point where it meets with the short round road.

On the south.—By the portion of short round road from the point towards the west, where the aforesaid western boundary (Bengal-Nagpur Railway fencing) meets as far as the junction of short round and Grand Trunk Road towards the east.

On the east.—By the portion of Grand Trunk Road from the junction of short round and Grand Trunk roads towards the south up to the southern end of the Nuniajuri bridge towards the north. (This Grand Trunk Road should be understood as was before the introduction of Railway here at Balasore.)

The revised boundaries of the Municipality after the inclusion of the above area will be follow:—

On the north.—By the Nuniajuri river as far as the village Begunia towards the west, and from the junction of the Nuniajuri and Burabalang rivers towards the east up to the eastern boundary of the Old Balasore towards the east along the bank of the said Burabalang river.

On the west.—By an imaginary line drawn parallel at a distance of 1,200 feet (running from north to south between the boundary line of the two villages, Arar Bazar and Begunia, from the Nuniajuri river in the north, where the western end of the aforesaid northern boundary line ends, to the junction of the Diversion Grand Trunk Road and Mitrapur Road on the south) to the west of a portion of Old Grand Trunk Road, from Mitrapur road on the south up to the southern end of the Nuniajuri bridge on the north, and from the junction of Grand Trunk Road and Mitrapur road, with a bend to the east along the southern side of the Mitrapur road up to the northern end of the eastern fencing of Bengal-Nagpur Railway station compound, and from thence along the eastern fencing of Bengal-Nagpur Railway station compound towards the south as far as the point where it meets with the short round road, and by a portion of short round road from the southern end of the eastern fencing of Bengal-Nagpur Railway station compound as far as the junction of short round road and Grand Trunk Road, and thence along the eastern side of Grand Trunk Road towards the south up to the point where it meets the southern boundary line of the mauza Porupada.

On the south—By a zigzag line running from west to east from Grand Trunk Road on the west to the Chandipur road on the east, drawn along the southern boundary of the mauzas Poruapada, Karanjia, Gobendraipur, Makalpur, Mausing Bazar, Akhrasal, southern side of Dighipokhar and Sunhat mauza.

On the east.—By a line drawn along the eastern boundary of the mauza Purna Balasore from the point towards the north where it meets the eastern end of the aforesaid northern boundary at the bank of Burabalang river as far as the north-western corner of Ambhira tank, and from that corner towards the south along the western side of the said tank up to its south-western corner, and from thence by an imaginary straight line towards the south-western direction joining the Chandipur road, where the eastern end of the aforesaid southern boundary line meets and touching the south-eastern corner of the Alhua tank in the way.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Faridpur, will be put up to sale at the Faridpur Collectorate on the 24th March 1905, corresponding with 10th Chait 1311 B. S.

The purchasers will be subject to the following conditions of sale —

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

IN exercise of the powers conferred by section 565 of the Calcutta Municipal Act, 1899, it is hereby declared that the General Committee of the Corporation of Calcutta intend to propose to the Corporation the deletion of the words "But every person who comes to a burning ghat to cremate a corpse shall pay to the Brahmin attached to the ghat his authorised fee" in clause 10 of the bye-laws under section 559 (47) of the Calcutta Municipal Act, sanctioned by the Local Government in Notification No. 2277M., dated the 19th July 1904.

Any person having any objection to the proposed amendment should submit it in writing to the Chairman of the Corporation before the 10th April 1905.

Clause 10 of the bye-laws referred to above is published below for general information:—

"No person who comes to a burning ghat to cremate a corpse shall be prevented from bringing with him his family priest, should he prefer to have the religious rites performed by him. But every person who comes to a burning ghat to cremate a corpse shall pay to the Brahmin attached to the ghat his authorised fee."

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

No. 61 (second publication).—The British Admiralty has given notice (No. 59 of 1905), that the period of system of Burra light (*white fixed* and *flashing*), in the approach to Innambán river, has been altered from ten to *twenty-five seconds*, the duration of each flash being *four seconds*; it is now elevated 84 feet above high water, and visible from the bearing of N. 15° W., through west and south, to S. 45° E., but in other respects it remains as before.

Approximate position, lat. 23° 45′ S., long. 35° 33′ E.

(*Variation 18° Westerly in 1905.*)

This Notice affects the following Admiralty Chart:—Plan of Innambán on Chart No. 650; Also, List of Lights, part VI, 1904, No. 40; Africa Pilot, part III, 1897, page 210; and Supplement, 1900, page 19.

PACIFIC OCEAN—New Guinea, west coast.

Schilpad islands—Shoals in the vicinity.

No. 62 (second publication).—The British Admiralty has given notice (No. 62 of 1905) of the existence of the undermentioned shoals in the vicinity of the Schilpad islands:—

a. A shoal, which dries at low water, situated with Lopon island bearing S 55° W. distant 10 miles, and Pendokoh S. 17° W.

This shoal, which is composed of coral and sand, is about 2 cables in diameter, and is not easy to distinguish.

Approximate position, lat. 1° 20¼′ S., long. 130° 31′ E.

b. A shoal, with a depth of 2 fathoms over it, situated with Pendokoh bearing N. 59° W., distant 3 miles.

This shoal is about 1½ cables in diameter, and the water over it does not appear discoloured

Approximate position, lat. 1° 30′ S., long. 130° 31¼′ E.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Eastern Archipelago, No. 948b: Also, Eastern Archipelago, part I, 1902, page 513.

JAPAN—west coast.

Simonoseki strait—Tidal signal established.

No. 63 (second publication).—The British Admiralty has given notice (No. 65 of 1905) that the undermentioned tidal signals are made, during the daytime, from the Port Office signal stations on Hesaki and Mutsure jima:—

1. A white ball will be hoisted when the tide is rising; it will be lowered when the tide begins to fall.
2. A red cone, hoisted point upwards, indicates that the stream is running to the Westward; hoisted point downwards, that it is running to the Eastward. During slack water the cone is lowered.
3. A white pennant shown with the cone indicates that the tidal stream is abnormally strong.
4. A red pennant signifies that these tidal signals are suspended.

Approximate position, Hesaki, lat. 33° 57½′ N., long. 131° 1′ E.

Approximate position, Mutsure jima, lat. 33° 58¼′ N., long. 130° 51¼′ E.

This Notice affects the following Admiralty Charts:—Simonoseki strait, Nos. 532 and 1578: Also, Sailing Directions for Japan, &c., 1904, pages 497, 513.

INDIA, WEST—Bombay coast—Bombay harbour.

Ballard pier.—Dock works marked by buoys.

No. 60 (third publication).—The British Admiralty has given notice (No. 29 of 1905) that two mark boats have been moored at distances of 200 and 700 yards, respectively, east from Ballard pier, Bombay harbour, to mark the southern limit of the dam under construction in connection with the new dock works.

These boats are painted white, and display a red flag by day and a *red fixed* light by night; they will eventually be replaced by black can buoys, each exhibiting a *red fixed* light.

Caution.—Vessels are warned not to pass between these boats or buoys.

Approximate position, Ballard pier, lat. 18° 56′ N., long. 72° 50¼′ E.

(*Variation Nil in 1905.*)

This Notice affects the following Admiralty Chart:—Port of Bombay, No. 655: Also, West Coast of Hindustan Pilot, 1898, page 201; and Supplement, 1903, page 15.

EASTERN ARCHIPELAGO—Celebes—Gulf of Boni, western shore.

Lowni Point.—Shoal to the south-eastward.

No. 51 (third publication).—The British Admiralty has given notice (No. 30 of 1905) that a shoal, with a depth of 3¼ fathoms over it, is reported to exist at a distance of 5¼ miles S. 41° E. from Lowni Point.

Approximate position, lat. 4° 23′ S., long. 120° 26½′ E.

This shoal is of coral formation, about 90 yards long, in a north-westerly and south-easterly direction; the water over it is discoloured.

(Variation 2° Easterly in 1905.)

This Notice affects the following Admiralty Chart:—Eastern archipelago, No. 942a: Also, Eastern Archipelago, part II, 1904, page 352.

PACIFIC OCEAN—The Philippine Islands—Manila bay.

St. Nicholas banks.—Light re-established.—Corregidor light.—Amended description.

No. 52 (third publication).—With reference to Notice to Mariners, No. 350, dated 13th October 1904, issued by this office, the British Admiralty has given further notice (No. 31 of 1905) that a *white flashing* light, showing one flash every *two and a half seconds*, and visible in clear weather from a distance of 11 miles, has been re-established on a structure on St. Nicholas bank, Manila bay.

Approximate position on Chart No. 976, lat. 14° 26′ 55″ N., long. 120° 45′ 15″ E

Also, that the light on Corregidor island, at the entrance to Manila bay, shows thus:—*White* flash, *red* flash, *eclipse*, *white* flash, *eclipse*, *white* flash, *red* flash, *eclipse*, &c., and not a white flash and a red flash alternately as formerly reported.

This Notice affects the following Admiralty chart:—Manila bay, No. 976: Also, List of Lights, part VI, 1904, page 107, No. 627; China Sea Directory, vol. II, 1899, pages 307, 308; Supplement, 1901, page 9; and Eastern Archipelago, part I, 1902, pages 62, 63.

INDIA, WEST—Bombay coast.

Bombay harbour—Bombay floating light.

No. 53 (third publication).—The Port Officer, Bombay, has given notice, dated 3rd February 1905, that, owing to the Bombay Floating Light having sustained damage, notice is hereby given that she has been temporarily removed for repairs.

Until further notice she will be replaced, at once, by a light-vessel, having three masts, painted red.

By day she will carry a Red ball at the Main mast-head. By night she will exhibit a white revolving light, at a height 36 feet above the water-line, and revolving once in every 20 seconds, visible all round the horizon at a distance, in clear weather, of ten miles.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th „ to 15th „ ...	1	8	„ „
III.— Ditto, 16th November to 28th February ...	0	8	„ „
IV.— Ditto, 1st March to 15th June ...	2	0	„ „
V.—Water supplied to tanks	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2 The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers

4 In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14 the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5 The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases

10 The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance, the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12 Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th ,, to 15th ,, ...	1	8	,,
III.— Ditto, 16th November to 28th February ...	0	8	,,
IV.— Ditto, 1st March to 15th June	2	0	,,
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jat raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jat raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jat raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26 The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29 The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX 1.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 1st March 1905.—Maulvi Abul Maqsud, B.A., Deputy Inspector of Schools, Jessore (class III), is allowed leave of absence for fifteen days, under article 260 of the Civil Service Regulations, with effect from the 17th March 1905, or such subsequent date as he may avail himself of it.

Subject to the consent of the District Board of Jessore, Babu Priya Nath Brahmachari, B.A., Sub-Inspector of Schools, Jessore (class V), is appointed to act as Deputy Inspector of Schools, Jessore, during the absence, on leave, of Maulvi Abul Maqsud, or until further orders.

Maulvi Muhammad Ismail, B.A., an Assistant Master in the Patna City School, and now Officiating Sub-Inspector of Schools, Santhal Parganas (class VIII), was absent on leave for twelve days, viz., five days under article 260 of the Civil Service Regulations, and seven days under article 271 of the Civil Service Regulations, with effect from the 19th November 1904.

The following arrangements are sanctioned:—

(1) Babu Surendra Nath Ghosh, M.A., First Laboratory Assistant in the Civil Engineering College, Sibpur (class VIII), is appointed to be an Assistant Master (Science Teacher) in the Ashanulla School of Engineering, Dacca.

(2) Babu Gopal Chandra Ghosh, B.A., Second Laboratory Assistant in the Civil Engineering College, Sibpur (substantively *pro tempore* in class VIII of the Subordinate Educational Service), is appointed to be First Laboratory Assistant in the same College.

The 3rd March 1905.—Babu Mani Charan Mohapatra, Sub-Inspector of Schools, Orissa Tributary Mahals (class VI), is allowed furlough for four months, under article 338 of the Civil Service Regulations, in continuation of the combined leave granted to him under the orders of the 22nd July 1904.

The 6th March 1905.—Babu Jogendra Nath Bose, B.A., Sub-Inspector of Schools, Darjeeling Terai (class VIII), is allowed leave of absence for one month, viz., twenty-three days under article 260 and five days under article 271 of the Civil Service Regulations, with effect from the 7th February 1905, or any subsequent date on which he may have availed himself of it.

Erratum.—In the notification, dated the 6th February 1905, published at page 259, Part I of the *Calcutta Gazette* of the 8th February 1905, appointing Babu Kumud Bandhab Bhattacherjee, M.A., on probation for one year, to be an Assistant Master (Grammar Pandit) in the Sanskrit Collegiate School, *read* "Kumud Bandhab Chatterjea" *for* "Kumud Bandhab Bhattacherjea."

Babu Kamada Charan Chakravarti, B.A., an Assistant Master (Science Teacher) in the Hooghly Collegiate School, now under training in the Civil Engineering College, Sibpur, is appointed to be Demonstrator in the Rajshahi College, and substantively *pro tempore* to class VIII of the Subordinate Educational Service, but he will remain under training for the rest of his term.

Babu Tarakeswar Bhattacherjea, M.A., is appointed to act as Demonstrator in the Rajshahi College, and in class VIII of the Subordinate Educational Service, on a salary of Rs. 50 a month, during the deputation of Babu Kamada Charan Chakravarti, or until further orders.

A. PEDLER,
Director of Public Instruction, Bengal.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1905.

WITH reference to Notification No. 5058F., in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH will be given this year to the author of the best original essay composed during the year 1905 giving the results of original research or investigation by the essayist on Mathematics.

2. Any native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

3. The essays of competitors *must be* sent in to the President of the Bengal Asiatic Society, 57, Park Street, Calcutta, by the end of December 1905. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1906.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

A. H. L. FRASER,
President of the Asiatic Society of Bengal.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Faridpur, will be put up to sale at the Faridpur Collectorate on the 24th March 1905, corresponding with 11th Choit 1311 B. S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

2. The amendments which we have made are printed in italics and are explained in the following paragraph...

3. *Clause 2 (2).*—We are agreed that the period of six weeks for the submission of objections is insufficient, and therefore recommend that it be extended to three months.

4. *Clause 3 (1).*—We have considered the question as to whether furnaces used for private electric installations should be included in the proviso. The number of persons possessing such installations being so small, it seems unnecessary to specially legislate for them. The definition of "furnace" brings goods and ballast trains, steam-rollers and steam-boilers in engine sheds under the operation of the Act. We have modified the restrictions on the emission of smoke by ocean-going steamers by the amendment of sub-clause (*ii*) of the proviso. This amendment will exempt such steamers for a certain period (to be prescribed by rule) prior to their leaving Port or moving from one part of the Port to another, it being necessary for them to get up steam at such times. We have also considered it expedient to make mention among the exemptions of burning ghats.

5. *Clause 4.*—We are fully in accord with the unanimous opinion expressed by the various bodies and associations consulted to the effect that such bodies or associations as are likely to be affected by the Act should have power to nominate the unofficial members of the Commission. We have altered sub-clause (*3*) of the clause accordingly. At the same time we would recommend that at least half of the official Members should be persons possessing practical knowledge of steam-raising installations.

6. *Clause 5.*—It is advisable to make it quite clear that Assistant Inspectors are to be subordinate to the Chief Inspector, who in his turn should be subject to the control of the Commission.

7. *Clause 6.*—The fines throughout this section appear to us to be unduly heavy. We propose their reduction to the extent shewn in the revised draft Bill hereto annexed.

Under Chapter XXXIII of the Calcutta Municipal Act, 1899, and sections 466, 469, 473, power is conferred on the Chairman of the Municipality to grant licenses for the manufacture of bricks, iron, coke, etc. It is conceivable that after getting such a license and expending considerable sums on the purchase of appliances and the erection of furnaces a person might suddenly find that a notification issued under this section prohibited all further work, causing him heavy loss. To prevent such a case arising, we recommend that where such a license has been granted by the Corporation prior to the issue of a notification by Government the prohibition issued under this section should not affect any furnace or appliances covered by the license.

The use of the word "erection" makes it sufficiently clear that only new erections are to be affected by the section.

Sub-clause (1).—We think that kilns used for the manufacture of tiles of any description should be included in head (*a*).

With regard to the objection of the Bengal National Chamber of Commerce to the power taken to prohibit erection of brick kilns within specified areas we think it unnecessary to make any alteration in the Bill, as the Local Government may be trusted not to interfere unduly with trade.

Sub-clause (2).—The provision as to increased fine for a subsequent conviction cannot be made to apply to one and the same erection, for the same offence cannot be punished twice.

Sub-clause (4).—We think it advisable to provide an increased penalty for a second conviction under this sub-clause.

8. *Clause 7.*—While by clause 6 of the Bill as introduced power is taken to prohibit the erection of kilns or furnaces within specified areas, and to impose a penalty for non-compliance with such prohibition, no procedure is laid down whereby the removal of the kiln or furnace may be ensured. It might well happen that it would pay the person who made the erection to pay the fine and then to continue using the kiln or furnace. We therefore propose that the new clause 7 be inserted in the Bill. A notice or order to demolish within a certain period will be issued by the Magistrate, followed in case of disobedience, by the imposition of a fine for each day during which the disobedience continues after the period has elapsed.

9. *Clause 8.*—The suggestion of the Bengal Chamber of Commerce that the provisions of section 2 of the Bengal Act, II of 1863, in favour of those who, in the opinion of the Magistrate, have done their best to minimise a

nuisance, should be continued in the present Bill has been considered by us, but we find it impracticable, as it would make the provisions of the Bill unworkable. A liberal allowance will doubtless be made when the rules are framed. If clause 8 of the Bill, as originally introduced, be cut out, clause 9 will, in a modified form, find its best place as a sub-clause to this clause.

It seems expedient that power should be taken to regulate, by rule, the altitude below which smoke may not be emitted from a chimney.

10. *Clause 8 of the Bill as introduced.*—We have carefully considered whether this clause is necessary or politic seeing that the preceding clause will provide sufficient means for punishing the emission of unduly dense smoke. It will be to the interest of owners to see that the best appliances are used. We would recommend that the clause be omitted from the Bill.

11. *Clause 9.*—It is in our opinion inadvisable that Inspectors should have power to enter and inspect buildings without notice, and they should not be allowed to test appliances or carry on experiments without written authority from the Commission. In every such case due notice should be given. The penalty for non-compliance seems to us to be unduly high, and we propose to reduce it to a maximum of one hundred rupees.

12. *Clause 10.*—It is very important that the rules under this Act should be drafted by experts, and that the Commission should either be entrusted with the framing of them, or in any case consulted. We recommend that the procedure laid down in section 20 of the Mines Act, 1901 (VIII of 1901), should be followed, namely, that all rules previous to publication should be referred to the Commission for opinion. We have inserted a sub-clause to this effect. The provisions of section 24 of the Bengal General Clauses Act, 1899 (Bengal Act I of 1899), will ensure sufficient opportunity being given for criticism before the rules are finally passed. The two new sub-heads to sub-clause (*2*) are consequential upon the amendments proposed in clauses 3 and 8.

13. *Clause 11.*—We consider that it would be dangerous to leave the institution of complaints to Assistant Inspectors. They should have the authority of the Chief Inspector. The time-limit — six months — for the institutions of prosecutions is, in our opinion, too long. We recommend that it be reduced to two months.

A

BILL

To amend the law relating to the abatement of nuisances arising from the smoke of furnaces or fire-places in the town and suburbs of Calcutta and in Howrah, and to provide for the extension thereof to other areas in Bengal.

WHEREAS it is expedient to amend the law relating to the abatement of nuisances arising from the smoke of furnaces or fire-places in the town and suburbs of Calcutta and in Howrah, and to provide for the extension thereof to other areas in Bengal;

It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Bengal Smoke-nuisances Act, 1905; and

[R. 144–I.]
[*Cf.* Ben. Act II of 1863, ss. 1, 5 Ben. Act III of 1901, s. 1 (2).]

(*2*) It extends in the first instance to—

(*a*) the town of Calcutta, as defined in section 3 of the Calcutta Police Act, 1866; Ben. Act IV of 1866.

(*b*) the suburbs of Calcutta, as for the time being defined by notifications published under section 1 of the Calcutta Suburban Police Act, 1866, and Ben. Act II of 1866.

(*c*) the station of Howrah, as described in the Schedule to the Howrah Offences Act, 1857. XXI of 1857.

Power to extend Act.

2. (*1*) The Local Government may, by notification published in the Calcutta Gazette and in such other manner (if any) as the Local Government may determine, declare its intention to extend this Act to any specified area in Bengal other than the areas mentioned in section 1, sub-section (*2*):

[R. 144–I.]
[*Cf.* Ben. Act III of 1899, s. 636.]

Provided that, if a military cantonment is situated within any area to which it is proposed to extend this Act, no notification shall be published under this sub-section in respect of such area without the previous sanction of the Governor General in Council.

(*2*) Any inhabitant of an area to which it is proposed to extend this Act may, if he objects to such extension, submit his objection in writing to the Local Government within a period of *three months* from the publication of the said notification in the Calcutta Gazette.

[*Cf.* Ben. Act III of 1899, s. 637.]

(*3*) At any time after the expiration of the said period, and after considering the objections (if any) submitted under sub-section (*2*), the Local Government may, by notification in the Calcutta Gazette, extend this Act to the said area.

(*Smoke-Nuisances.—Clauses 3-6.*)

Definitions.

3. In this Act,—

(*1*) "furnace" means any furnace or fire-place used— [R. 144—I.] [*Cf.* Bom. Act II of 1865, s. 1.]

(*a*) for working engines by steam, or

(*b*) for the purpose of carrying on any trade, manufacture or industry, in cases not falling under clause (*a*):

Provided that a furnace or fire-place used for any of the following purposes shall not be deemed to be a furnace within the meaning of this Act, namely:—

(*i*) household or domestic purposes;

(*ii*) the raising of steam on ocean-going steamers *within such period prior to their leaving the port, or to their moving from one part to another thereof, as may be prescribed by rule made under section 10, sub-section (2), clause (f), or*

(*iii*) *the burning of the dead.*

(*2*) "Inspector" means a Chief Inspector of Smoke-nuisances, or an Assistant Inspector of Smoke-nuisances, appointed under this Act; [R. 144—I.]

(*3*) "the Commission" means the Bengal Smoke-nuisances Commission constituted under this Act; and

(*4*) the expression "owner," when used with reference to a furnace, includes any agent or hirer using the furnace, and any foreman or other person superintending the working of the furnace. [*Cf.* Bom. Act III of 1870, s. 3.]

Constitution of Commission.

4. (*1*) The Local Government shall, by notification in the Calcutta Gazette, constitute a Commission, to be called the Bengal Smoke-nuisances Commission, to supervise and control the working of this Act. [*Cf.* Act IX of 1903, s. 4.]

(*2*) The said Commission shall consist of a President and so many other members as the Local Government may determine.

(*3*) One-half of the members (exclusive of the President) shall be officials *nominated by the Local Government* and the remainder shall be non-officials *nominated in such manner as the Local Government may direct by bodies or associations whose interests are* likely to be affected by this Act.

(*4*) All members of the Commission shall be appointed, and all vacancies in the Commission shall, as occasion requires, be filled up by the Local Government by notification in the Calcutta Gazette.

(*5*) No act done by the Commission shall be questioned on the ground merely of the existence of any vacancy in, or any defect in the constitution of, the Commission.

Appointment of Inspectors.

5. (*1*) The Local Government may, by notification in the Calcutta Gazette, appoint a Chief Inspector of Smoke-nuisances and so many Assistant Inspectors of Smoke-nuisances as it may think fit. [R. 144—II, IV.]

(*2*) *Every Assistant Inspector appointed under sub-section (1) shall be subordinate to the Chief Inspector, and the Chief Inspector shall be subordinate and subject to the control of the Commission.*

Power to prohibit the erection of kilns or furnaces, or the manufacture of coke in specified areas.

6 (*1*) The Local Government may, by notification in the Calcutta Gazette, prohibit, within any specified area,— [R. 144—III.]

(*a*) the erection of brick, *tile*, or lime kilns,

(*b*) the erection of furnaces to be used for the calcining or smelting of ores or minerals, or for the casting, puddling or rolling of iron or other metals, or for the conversion of pig-iron into wrought-iron, or

(*c*) the manufacture of coke, in ovens, or with special appliances, or

(*d*) the making of coke without ovens or special appliances;

(Smoke-Nuisances.—Clauses 7-9.)

Provided that, where prior to the issue of such notification a license has been granted by the Chairman of the Calcutta Corporation under the provisions of Chapter XXXIII of the Calcutta Municipal Act, 1899, for the erection of a furnace to be used for any of the purposes mentioned in clauses (a) and (b), or for the manufacture of coke as described in clauses (c) and (d), such notification shall not affect such furnace or such manufacture.

Ben. Act III of 1899.

(2) If any kiln or furnace be erected in contravention of any notification issued under sub-section (1), clause (a) or clause (b), the owner thereof shall be liable to fine which may extend, *to two hundred and fifty rupees.*

[R. 144—IX (b).]

(3) If any person manufactures coke in contravention of any notification issued under sub-section (1), clause (c), he shall be liable to fine which may extend, on a first conviction, to *two hundred and fifty* rupees, and on any subsequent conviction to *five hundred* rupees.

[R. 144—IX (c).]

(4) If any person makes coke in contravention of any notification issued under sub-section (1), clause (d), he shall be liable to fine which may extend, *on a first conviction, to twenty-five rupees, and on any subsequent conviction* to fifty rupees.

[R. 144—IX (d).]

Power to order demolition of kilns or furnaces erected within prohibited areas.

7. (1) *Whenever a Magistrate imposes a fine on any person under section 6, sub-section (2), for erecting a kiln or furnace in contravention of any notification issued under section 6, sub-section (1), clause (a) or clause (b), he may by order direct such person to demolish the kiln or furnace within a period to be specified in the order.*

[*Cf.* Ben. Act III of 1899, sections 449, 451, and 481.]

(2) *If any person fails to demolish any kiln or furnace within the period prescribed in any such order, he shall be liable to fine which may extend to twenty rupees for every day thereafter during which such failure continues.*

Penalty when smoke is emitted to a greater extent than is permitted by rules.

8. (1) If smoke be emitted from any furnace in greater density, *or at a lower altitude*, or for a longer time than is permitted by rules made under this Act, the owner of the furnace shall be liable to fine which may extend, on a first conviction, to fifty rupees, on a second conviction to one hundred rupees, and on any subsequent conviction to two hundred rupees.

[R. 144—IX (e)] [*Cf.* Ben. Act II of 1863, s. 1.]

(2) *Sub-section* (1) shall not apply to any furnace which is used—

(a) in connection with a brick, *tile*, or lime kiln, or

(b) for any of the purposes mentioned in clause (b), clause (c), or clause (d) of section 6.

Powers of Inspector.

9. (1) An Inspector may *after giving reasonable notice in writing to the owner, manager, engineer, or person in charge*—

[R. 144—V (a) to (c).] [*Cf.* Ben. Act II of 1863, s. 3; Ben. Act III of 1879, s. 10.]

(a) enter and inspect, during working-hours, any building or place which contains a furnace, and inspect such furnace;

(b) *under the written authority of the Commission*, use and test any appliance used for preventing the emission of smoke from any such furnace; and

(c) *under the written authority of the Commission*, direct that any such furnace be worked or stoked experimentally, during his visit to such building or place, in any manner which he may consider suitable for preventing or reducing the emission of smoke, but not so as to interfere with the business carried on in such building or place further than is necessary for the purposes of the experiment.

(2) If any owner of a furnace in respect of which a direction is given under clause (c) fails to secure compliance with such direction, he shall be liable to fine which may extend to *one* hundred rupees.

(Smoke-Nuisances.—Clauses 10-13.)

Rules. 10. (*1*) The Local Government may, with the previous sanction of the Governor General in Council, and after previous publication, make rules to carry out the objects of this Act. [R. 144—VI.]

(*2*) In particular, and without prejudice to the generality of sub-section (*1*), such rules may—

(*a*) regulate the transaction of business by the Commission; [New *Cf.* the Steam-boiler Rules, I, I (*a*), II.]

(*b*) prescribe the powers and duties to be exercised and performed by the Commission and by Inspectors, respectively, and regulate the exercise and performance of those powers and duties; [R. 144—VI(*d*), VI (*e*); Steam-boiler Rules III to V, VI, IX, XV, XVIII; *Cf.* Ben. Act III of 1879, s. 4 (*f*).]

(*c*) prescribe a scale for the purpose of determining the density of smoke; [R. 144—VI (*a*).]

(*d*) prescribe the density of smoke that may be emitted from a furnace; [R. 144—VI (*a*).]

(*e*) prescribe the time during which smoke of such density may be emitted from a furnace; [R. 144—VI (*b*).]

(*f*) *prescribe the period during which, for the purpose of raising steam prior to leaving the port, or to moving from one part to another thereof, the furnaces of ocean-going vessels shall not be held to be furnaces within the meaning of this Act;*

(*g*) *prescribe the altitude below which smoke may not be emitted from a furnace;*

(*h*) prescribe a procedure for the giving of warning to offenders before instituting a prosecution under this Act, and declare the minimum period which should be allowed to elapse in different classes of cases between the giving of such warning and the institution of a prosecution; and [R. 144—VI (*d*), 145.]

(*i*) authorise the payment of a fee, not exceeding thirty-two rupees, to each or any member of the Commission attending a meeting of the Commission. [Steam-boiler Rules, V(*a*); *Cf.* Ben. Act III of 1880, s. 100.]

(*3*) *The date to be specified in accordance with clause (3) of section 24 of the Bengal General Clauses Act, 1899, as that after which a draft of rules proposed to be made under this section will be taken into consideration, shall not be less than three months from the date on which the draft of the proposed rules was published for general information.* [*Cf.* Act VIII of 1901, s. 20 (*4*); Ben. Act I of 1899.]

(*4*) *Where a Commission has been constituted under section 4, any rule to be made under this Act shall, before it is published for criticism under sub-section (1), be referred to the Commission, and the rule shall not be so published until the said Commission has reported as to the expediency of making the proposed rule and as to the suitability of its provisions.* [*Cf.* Act VIII of 1901, s. 20 (*5*).]

(*5*) All rules made under this section shall be published in the Calcutta Gazette.

Cognizance of offences. 11. A Magistrate may take cognizance of an offence against this Act only— [*Cf.* Ben. Act III of 1879, s. 13; Ben. Act II of 1863, s. 6.]

(*a*) upon a complaint *made by or with the written authority* of *the Chief Inspector*, and

(*b*) within a period of *two* months from the date of the commission of the offence.

Disposal of fines. 12. All fines recovered under this Act shall be disposed of in such manner as the Local Government may direct. [*Cf.* Ben. Act II of 1863, s. 7; Ben. Act III of 1879, s. 18.]

Repeal. 13. The Calcutta and Howrah Smoke-nuisances Act, 1863, is repealed. Ben. Act II of 1863.

QUESTIONS AND ANSWERS.

DREDGING OF THE BHAGIRATHI RIVER.

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA asked :—

(*a*) Is the Government going to take any steps, without further delay, for using dredgers for the improvement of the river Bhagirathi and Hooghly, as it has recognised the miserable condition of the river during the dry season?

(*b*) Does the Government consider that the necessity for the use of dredgers has ceased owing to the facility of communication likely to be secured by the opening of the Ranaghat-Katihar line?

(*c*) Does not the Government consider it desirable and necessary to remove the existing shoals and to secure a navigable channel with current throughout the year for the improvement of the sanitary condition of the large tracts through which the river runs?

(*d*) Does not the Government share the views of experts who believe that the Port of Calcutta would be materially prejudiced if the channel of the Bhagirathi and Hooghly be not properly improved and maintained?

(*e*) Is the Government aware that the merchants and traders carrying on inland trade prefer carrying their articles by river to railway, and does not the Government believe that, notwithstanding the facilities of connection to be had by the opening of the Ranaghat-Katihar line, the river traffic would increase to a considerable degree if the Bhagirathi-Hooghly river be made navigable throughout the year?

(*f*) If the Government be not prepared to make use of dredgers for improving the channel, would the Government be pleased to direct its officer in charge of the Nadia Rivers Division to make more extensive use of corrugated iron sheets and *sál* posts in the Bandel works instead of bamboo mats and bamboo posts?

The Hon'ble MR. INGLIS replied :—

"It will be convenient if I answer questions (*a*), (*b*) and (*c*) together.

"The proposal to keep the Bhagirathi open for navigation throughout the year by means of large suction dredgers has never been seriously contemplated by this Government. Admitting that the scheme were practicable from an engineering point of view it would certainly be prohibitive on account of its great cost; and in view of the large expenditure which will shortly be incurred in the development of the railway systems near the river, it is highly improbable that the Government of India would sanction further expenditure in order to increase still further the means of communication with Calcutta for the Ganges traffic.

"A project for establishing direct water communication between Madareepore and Khulna has recently been submitted to the Government of India for sanction. In the estimate provision is made for the purchase of a large suction dredger. If the estimate is approved by the Secretary of State it will be possible to have the machine landed in India in the course of next year. It is the intention of Government to experiment with this dredger in removing the extensive shoal which has formed at the entrance of the Bhagirathi: should the experiment prove successful there is reason to believe that a good supply of fresh water will be assured in the upper parts of the river during the hot weather months.

"The answer to (*d*) is in the negative.

"(*e*) It is not the experience of this Government that merchants and traders prefer carrying their articles by river to railways. Since the Bengal-Nagpur Railway and the South Bihar Railway came into competition with the Orissa Canals, the Orissa Coast Canal, the Midnapore and the Sone Canals, the receipts from tolls in these canals have decreased by fifty *per cent.*

"(*f*) An experiment was made last year to train the shoals in the Nadia rivers by using corrugated iron sheets instead of mats in the preparation of the bandels.

"It has been decided not to continue the experiment as the results obtained were not commensurate with the cost incurred."

REDUCTION OF THE TRAFFIC STAFF ON THE EASTERN BENGAL STATE RAILWAY.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

(*a*) Has the attention of the Government been called to two paragraphs which appeared in the *Bengalee* of the 21st September last and in the *Telegraph*

of the same date, in both of which it was stated that it was in contemplation to reduce the numerical strength of the Traffic Staff of the Eastern Bengal State Railway? Has the Government been yet consulted in the matter? And before any such reduction is sanctioned, will the Government be pleased thoroughly to consider the inexpediency of such a step particularly in view of the effect which such reductions may have on chances of accidents which are not unknown on this Railway?

(*b*) Will the Government, in view of the heavy traffic on this Railway and the risks attendant thereon, be further pleased to consider the propriety of extending the double lines from Poradah to Rajbari?

The Hon'ble MR. INGLIS replied:—

"(*a*) No general reduction of traffic staff on the Eastern Bengal State Railway has been carried out or is contemplated; but from time to time the traffic staff at the various stations on the system is adjusted by responsible officers to the strength which is considered by them to be necessary for the safe and efficient working of the traffic.

"Settlement of the details of the traffic staff to be employed at each station is entrusted by Government to the Manager of the Railway.

"(*b*) No special risks are entailed in working the traffic on the Poradah-Rajbari single line, and the line is capable of dealing with a heavier traffic than now ever passes over it."

INCOME-TAX IN THE DISTRICTS OF BENGAL FOR 1901-1905.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Will the Government be pleased to call for and lay on the table a statement containing the following particulars regarding the assessment of income-tax in each district for the years 1901-1902, 1902-1903, 1903-1904 and 1904-1905, in the subjoined or any other form that may be found convenient?:—

The Hon'ble MR. SHIRRES replied:—

"A statement giving the information asked for by the Hon'ble Member for the years 1901-1902, 1902-1903 and 1903-1904 has been laid upon the table. Complete figures for 1904-1905 are not yet available."

STRIKE IN THE GOVERNMENT SHELLFACTORY AT COSSIPORE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Has the attention of the Government been called to a paragraph in the *Amrita Bazar Patrika* of the 17th February, 1905, in which it is stated that over three thousand workmen have struck work at the Government Shell Factory at Cossipore? Is it true, as stated in the said paragraph, that the strike is due to the factory authorities having extended the working hours, from 8 A.M. to 4 P.M., to 7-45 A.M. to 8-15 P.M.? If so, will the Government be pleased to inform the Council what action it has taken or proposes to take with a view to pacify the strike?

The Hon'ble MR. EARLE replied:—

"The attention of Government had not been drawn to the paragraph in question when the Hon'ble Member put his question. Inasmuch as the Government Shell Factory at Cossipore is administered by the Government of India through the Director-General of Ordnance, the Lieutenant-Governor confined himself to ascertaining that the strikers returned to work after two days and that the public peace was in no way endangered."

RAILWAY LINE BETWEEN GOPALPUR AND SERAJGANJ.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government be pleased to state what is being done with regard to the proposed railway between Gopalpur and Serajganj?

The Hon'ble MR. INGLIS replied:—

"A survey and estimate for a line from near Gopalpur to Serajganj have been completed. The line would be 49½ miles long to the town of Serajganj, and, on the broad gauge, is estimated to cost 62 lakhs of rupees. An investigation has also been made during the present cold season of the possibility of extending the line to opposite Jagannathgunge, the terminus of the Dacca system of railways. An estimate of the cost of such an extension is now under preparation."

RETURNS OF BIRTHS AND DEATHS IN THE DISTRICTS OF JESSORE AND NADIA AND IN THE SUB-DIVISION OF NATORE FOR 1901—1905.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government be pleased to lay on the table a tubular statement giving for the years 1901-1902, 1902-1903, 1903-1904, 1904-1905, the births and deaths (and in the case of the latter, showing in separate columns those due to fever and cholera and the total number of deaths and the rate *per mille*) in the district of Jessore; in such important places in the district of Nadia, as Krishnagar, Navadwip, Santipur, Meherpur, Chakdah, Kushtea, Kumarkhali and in the Sub-division of Natore in the Rajshahi Division, all of which showed a decline of population at the last census?

The Hon'ble MR. SHIRRES replied:—

"A statement which contains the information asked for by the Hon'ble Member has been laid upon the table."

* The population of Kushtia, according to the census of 1891, was 11,899. In the year 1895, however, the area of the Municipality was reduced by the exclusion of a portion of it. The figures given in the statement show the population of the remaining area.

THE BENGAL SMOKE-NUISANCES BILL, 1904.

The Hon'ble Mr. CARLYLE presented the Report of the Select Committee on the Bill to amend the law relating to the abatement of nuisances arising from the smoke of furnaces or fire-places in the town and suburbs of Calcutta and in Howrah, and to provide for the extension thereof to other areas in Bengal. He said:—

"Government propose to take up the discussion of the Bill on the 25th of this month."

THE SUNDARBANS BILL, 1904.

The Hon'ble Mr. HARE moved that the Report of the Select Committee on the Bill to provide for the abolition of the office of Commissioner in the Sundarbans be taken into consideration.

The Motion was put and agreed to.

The Hon'ble Mr. HARE also moved that the clauses of the Bill be considered in the form recommended by the Select Committee.

The Motion was put and agreed to.

Clauses 3 and 4.

The Hon'ble Mr. CHAUDHURI moved that clause 4 of the Bill be omitted. He said:—

"Having regard to the comprehensive character of clause 3 of the Bill as settled in Committee, clause 4 of the same seems to me to be a superfluity. If all the powers and functions that were formerly vested in, and exercised by, the Commissioner in the Sundarbans are now to be vested in, and exercised by, the Collector of a district, it goes without saying that any reference to the said Commissioner in the existing leases, agreements and *amalnamas* will be interpreted by the Law Courts as referring to the Collector. A reference to the terms of the leases will show that there need be no apprehension on this account.

"But before referring to the leases I would point out that if clause 4 stood in its present form it might give rise to difficulties of the very nature which it is its object to remove. This clause says that in respect of written instruments relating to land in the Sundarbans, all references to the 'Commissioner in the Sundarbans' will be construed as referring to a Collector. The Commissioner in the Sundarbans had also other duties. For instance, Regulation IX of 1816 placed him in charge of the Akbari Mahal, and the Report of Select Committee purports to transfer his powers and functions in this respect as well to the Collector. In exercise of such functions he might have had to execute written instruments, such as the granting of licenses, &c. Written grants of this kind would not surely fall within the category of 'written instruments relating to land.'

"The expression 'relating to land' goes to restrict the scope of the interpretation clause considerably. A similar expression, viz., 'disputes relating to land' in the Code of Criminal Procedure has given rise to a great deal of litigation and legal interpretation; and, if possible, I would avoid such expression in an interpretation clause. Supposing the Commissioner in the Sundarbans had to lease out fisheries or grant license for cutting wood, gathering wax and honey, collecting shells, &c., grants of this kind made in writing would not surely be classed as instruments relating to land. In case if such documents or other agreements or contracts, which may not relate to land, are forthcoming, any reference therein to the Commissioner in the Sundarbans ought surely to refer to the Collector. The Hon'ble Mr. Collin mentions in his note, on this Bill that besides the leases referred to by him, there may be other deeds and documents which he has not been able to trace. But under the present limitations of clause 4, question may arise as to whether reference to the Commissioner in such instruments will refer to the Collector. The three instances of powers reserved to the Commissioner in the Sundarbans in the cultivation, the *howladari* leases or *amalnamas* would as a matter of course, be exerciseable by the Collectors who are now vested with the Commissioner's powers within their local jurisdiction both by virtue of clause 3 and by the terms of the very written instruments themselves.

"For instance, in cultivation leases it is provided that in cases of boundary disputes between lessees of adjoining plots, the dispute is to be submitted to the decision of 'the officer exercising the powers of the Commissioner of the Sundarbans for the time being.' Now after clause 3 becomes law these words would unmistakeably and unquestionably point to the Collector within his local area as exercising such powers. I am sure that the Hon'ble Members will agree that if there be any possibility of the existence of any written instruments other than those relating to land, it would be better to drop clause 4 altogether."

The Hon'ble MR. O'KINEALY said:—"—I regret I am unable to support the amendment proposed by the Hon'ble Mr. Chaudhuri. It seems to me that acceptance of that amendment by the Council will be placing upon the words of the third clause a greater strain than they could bear. The Regulation which it is the object of this Bill to repeal by the second section vested certain powers in the Commissioner, and these are the words of section 2, Regulation IX of 1816: 'The Commissioner shall be vested with all the duties, powers and authority which have been or may be exercised by the Collectors of Land Revenue (including the charge of the Abkari Mahal) under the rules and regulations which may have been or may be enacted.'

"As I have said, it being the object of this Bill to repeal this Regulation, it became necessary to restore those powers which had been given to the Commissioner of the Sundarbans to the officers from whom they had been taken, and that is what clause 3 proposes to do. It follows the words of section 2, which confer powers on the Commissioner of the Sundarbans under the Regulation of 1816, and enacts that: 'All the powers and functions heretofore vested in and exercised by the Commissioner in the Sundarbans in any district shall henceforth be vested in and exerciseable by the Collector of that district.'

"There were duties other than those I have mentioned which the Commissioner of the Sundarbans had to perform, and they were what might be called the duties of an arbitrator, that is to say in granting leases, *amalnamahs* and other documents concerning the leasing of land in the Sundarbans there were provisions to prevent unnecessary resort to litigation in cases of disputes and to prevent also resort to physical force in cases of persons disputing about the boundaries of their holdings. There was always a clause in these leases that the settlement of disputes which might occur, if they did occur, between neighbouring landholders, should be referred to the Commissioner of the Sundarbans for his decision. In acting in this way under powers which are not given by the law but acting merely in the position of a private arbitrator owing to an agreement between the different parties it seemed to the Select Committee—and I think rightly—that this was a class of matters which was not dealt with by clause 3, because as I say in this latter class of cases the Commissioner of the Sundarbans is in the position of a private individual and not in the position of a public officer having statutory powers.

"The Select Committee therefore thought it necessary to deal with this class of duties of the Commissioner of the Sundarbans and give those powers to the Collector, because it is of the greatest possible importance that the powers which were exerciseable by the Commissioner should be exercised by somebody else, as otherwise the result would be that the landholders in the Sundarbans would be either driven to physical force for the purpose of settling their disputes, or to litigation which might mean to them ruin. In that view the Select Committee drafted the fourth clause in this way:—

In every written instrument relating to land in the Sundarbans executed prior to the commencement of this Act, all references to "the Commissioner in the Sundarbans" shall be construed as referring to the Collector of the district in which the land or any part of it is situated.

"The matter has been enquired into, and I understand there are no documents or deeds other than those in connection with land in the Sundarbans, and the duties cast upon the Commissioner of the Sundarbans are wholly within this section. The Select Committee therefore confined themselves to the question of land in the Sundarbans, because if one makes a section so wide as to make it indeterminate, it is not merely a flaw in legislating, but it becomes a danger. There may be some of these leases which cover lands extending over more than the borders of a neighbouring district, and if it were left that the Collector of the district should be substituted merely for the Commissioner of the Sundarbans in leases in which the land extends over the boundary of a district

it would be indeterminate, and one could not say who was the Collector to exercise jurisdiction. To avoid that difficulty the Select Committee thought that the words 'in which the land or any part of it is situated' must be put in. The Collector of each district may have jurisdiction. In all probability the dispute arises in a portion of the land which is within a certain district, it will be the Collector of that district who will exercise jurisdiction.

"Therefore I submit that clause 4 of the Bill deals with matters which are foreign to clause 3, and to abolish clause 4 and leave clause 3 to do the functions of both clauses would, as I say, put upon it a strain which the words of the clause would not bear."

The Hon'ble MR. HARE said:—"I agree with the Hon'ble Mr. O'Kinealy that it is necessary and desirable to retain clause 4, partly for the reasons which have been given in the Report of the Select Committee, and for the further reason that there may be agreements in which the Commissioner of the Sundarbans may be mentioned as an arbitrator in a *quasi*-private capacity. I think therefore it is necessary that we should retain clause 4, and I oppose the amendment."

The Hon'ble BABU BHUPENDRA NATH BASU said:—"I support the learned Advocate-General in the contention he has submitted to the Council. Section 3 of the Select Committee's Report deals with the powers and functions of the Commissioner in the Sundarbans—powers and functions which he may emphasise or which may be vested in him under any Statute, and section 4 deals with documents in which the Commissioner of the Sundarbans is referred to either in a private capacity or in a *quasi*-public capacity and in which he exercises powers and functions not devising them by Statute, but under agreement. I think it might lead to a great deal of difficulty and confusion if section 4 as drafted by the Select Committee were omitted. The only objection that the Hon'ble Mr. Chaudhuri has to this section is that it is superfluous; but on the other hand the omission of it may give rise to great difficulties, and in that view I would humbly submit that the recommendation of the Select Committee with regard to this section may be accepted."

The Hon'ble BABU KALI PADA GHOSH said:—"Although I fully agree with the Hon'ble Mr. Chaudhuri that the word 'land' as used in clause 4 of the Bill may give rise to controversy, I cannot go so far as to say that the clause should be omitted, and I agree with the Advocate-General, for the reason stated by him, that the retention of clause 4 is necessary."

The Hon'ble MR. CHAUDHURI, in reply, said:—"I beg to correct the Hon'ble Babu Bhupendra Nath Basu when he says that my only objection to clause 4 is that it is superfluous. I did not simply say that it was superfluous, but I urged for its omission also because of the limited nature of the expression 'instrument relating to land.' It does not cover general agreements and contracts. If there were none of that kind, I would not press my objection, but if there be any—and we are not sure whether that is the case or not—it would be rather risky to have clause 4 in its present form."

The Motion was then put and lost.

The Hon'ble MR. CHAUDHURI also moved that clause 3 of the Bill be amended as follows and that clause 4 be omitted:—

All the powers and functions heretofore vested in, and exercised by, the Commissioner in the Sundarbans in any district shall henceforth be vested in, and exerciseable by the Collector of that district, and in every written instrument all references to the Commissioner in the Sundarbans shall be construed as referring to the Collector.

He said:—"I have already given my reasons for regarding clause 4 as it stands now as being of very restricted operation, limited as it is in regard to written instruments relating to land. I think, therefore, that if it be desirable to retain it, it would be better to read the two together as above. In the amendment I propose, clause 4 has been tacked on to clause 3 with certain omissions. The expression 'relating to land' has been omitted to widen the scope of the interpretation clause. In the next place, although the words 'Collector of the district in which the land or any part of it is situated' are omitted, still in clause 3 the words 'by the Collector of that district' all ambiguity is removed with regard to the expression 'Collector' with which the amended clause closes. If it is the Collector by

whom all the powers and functions heretofore vested in, and exercised by the Commissioner in the Sundarbans is to be exercised within whose local area any boundary disputes arise, he will surely be the officer who would arbitrate with regard to such boundary disputes. If the boundary extends to the jurisdiction of another Collector, either of them or both may arbitrate by arrangement. If we go on reading clause 4 into clause 3 thus 'and in every written instrument' without limiting the expression 'written instrument' to land, then it would include agreements, contracts, deeds or documents of every kind, and in such written instruments all references to the Commissioner in the Sundarbans will be construed as referring to the Collector. In putting clause 3 in the form in which I have, I think it will cover the interpretation clause and at the same time obviate the difficulties that may arise from limiting clause 4 to written instruments relating to land."

The Hon'ble MR. O'KINEALY said:—"I regret that I cannot support the present amendment of the Hon'ble Mr. Chaudhuri. The first objection that I have to the amendment he now proposes is this. I explained in the observation which I made on the previous amendment that the subjects of clause 3 and clause 4 as they now stand are entirely different and distinct and have nothing to do one with the other. What the Hon'ble Member proposes to do is to mix those clauses together, that is to say, to make one clause deal with two different description of matters instead of having them dealt with separately as they are in the present Bill. That is to my mind a flaw in the proposed amendment which will prevent my supporting it.

"But there is also this. The proposed amendment necessitates that the words of section 3 as they now stand should be made to support the provisions of clause 4 which relate to entirely different matters. That I think is another flaw which shows that the present manner—that is, the manner in which the Select Committee have dealt with these two clauses—is preferable to that proposed by the Hon'ble Member.

"There is another matter also in which this clause is ambiguous, and that is with reference to leases of land extending over two districts. There is no provision which covers this at all, and the Hon'ble Member has had to resort to an elaborate argument for the purpose of supporting his view. I think it is desirable to avoid any such necessity, and that it is better to make the sections plain and distinct as to what they are intended to mean.

"There is another matter with reference to this amendment which I think makes it dangerous. So far as is known the only matters to which clause 4 can apply are matters and incidents dealing with land. No other are known in which the powers of the Commissioner of the Sundarbans are exerciseable in a private manner, and if that be the case it seems to me that it would be wrong to unnecessarily widen the language and make it so indefinite that it would be impossible to say to what it did refer. The language which is used in the section as drafted by the Select Committee deals with the circumstances so far as they are known, and I should think that it would be dangerous to widen the section in any way so as to deal with matters which, so far as is known, do not exist."

The Hon'ble MR. HARE said:—"I must oppose the present amendment. I think, having retained clause 4 of the Bill, it fully fulfils the purposes that we intend. The amendment proposed would be too vague even if it could be adopted for other reasons. If an instrument does not relate to land, it is difficult to say what Collector would be applied to in view of the fact that there are 39 Collectors; but in any case I am bound to oppose this amendment because I prefer the clause in the Bill before us."

The Hon'ble BABU KALI PADA GHOSH said:—"In discussing the previous amendment, the Hon'ble the Advocate-General said, if I understood him correctly, that the words 'all instruments relating to land in the Sundarbans' related to the subject-matter of land and nothing else. Whether that would be

so or not is not quite certain, but I do not think any useful purpose would be served by tacking clause 4 to clause 3 as has been proposed by the Hon'ble Mr. Chaudhuri, and I regret I am not in favour of the amendment proposed by Mr. Chaudhuri."

The Motion was then put and lost.

The Hon'ble BABU AMBICA CHARAN MAZUMDAR moved that the words "land in" after the words "relating to" in clause 4 of the Bill be omitted; and that for the words and expression "land or any part of it" in the said clause the words and expression "subject-matter of such instrument or any part thereof" be substituted. He said:—

"I had the privilege of hearing the Hon'ble Advocate-General in advance of my amendment, and yet I must confess I am not quite satisfied, and consequently I am under the necessity of moving the amendment. The reason for the amendment is quite obvious. The clause as it stands refers simply to land, and there is no doubt about it. This, Sir, seems to me to be neither clear nor exhaustive. There may be instruments relating not only to land but also to water, to the gathering of wax or to the cutting of timber or relating to any other products of the forest, which have always been abundant in the Sundarbans. The Hon'ble Mr. Collin, who ought to be taken as an authority in this matter, himself says there may exist similar cases in some of the old leases or deeds, but that he has not been able to trace any, as the leases generally refer to the 'Commissioner in the Sundarbans or other officer appointed by Government.' No doubt the Hon'ble Advocate-General has told us that all the instruments that exist refer only to land, but I am unable to persuade myself to believe that ever since the beginning of the last century we have had instruments relating only to land.

"As a matter of fact it may not be unknown to many persons who actually know about the working of the Sundarbans that there were leases of various other kinds, namely, for cutting timber; there might have been leases for gathering wax and so forth. To say that there are no other instruments would, I believe, be going to the region almost of prophecy. I should have liked to have heard some of the Hon'ble Members of this Council who have access to these records to say that there were none; in fact I find that the Hon'ble Mr. Collin says that he has not been able to trace out other documents; in fact it would be impossible to trace out all of them. This is only a short time ago, and I do not know what flood of knowledge or information has been thrown amongst us to enable us to say that there are no other leases. Supposing even that there are none: do we ask too much to be more precise and more careful? In this matter, in fact, Your Honour will find that clause *First* of section 13 itself notices some of these various kinds of instruments, such as gathering wax and so forth. In this state of uncertainty I think we would be acting more wisely in making the clause more general in its application instead of restricting it simply to instruments relating to land only.

"It has not been contended, nor do I think will it be contended, that any shelter will be sought to be taken under the General Clauses Act, for neither in the Government of India General Clauses Act nor in the Bengal General Clauses Act is there any definition of the word 'land.' The only definition of 'land' that we find is in the Interpretation Act, 52 & 53 Vict., cap. 63, but even there the definition is not wide enough to cover the kind of interest, or rather privilege, to which I have referred. Besides, if in the face of section 10 of the Bengal General Clauses Act we found it expedient to provide this clause, I do not understand how we can be quite free from apprehension that we may not be misunderstood, and that difficulties may not arise hereafter if any question relating to any instruments other than that of land should come up for consideration, and it seems to me that when we have undertaken to settle all doubts, a whole measure would be better than a half measure. Where is the difficulty in making the clause more general?

"I do not, of course, understand the Hon'ble Advocate-General to mean that simply because the Select Committee has brought it in this fashion therefore

it ought to be maintained. The thing is, we are going to amend the law, and if we see that the use of certain other words would make it more general so as to cover a much larger area than might be covered by the words settled by the Select Committee, I do not see there ought to be any difficulty in accepting it, at all events as a precautionary measure against all possible contingencies. With these observations, I beg to place the amendment before the Council."

The Hon'ble MR. HARE said:—"I must oppose this amendment. I think no case has been made out for extending clause 4 so as to cover all written instruments, and I therefore think the clause may stand as it is in the Bill now before the Council."

The Hon'ble MR. EARLE said:—"I should like to point out that the Commissioner in the Sundarbans could only act as an arbitrator in his private capacity or in a semi-private capacity by permission of the Board of Revenue. The Board gave him that permission under certain forms of leases that are given in the Waste Lands Manual. Those forms of leases refer entirely to land, and not to water, timber or any other article. It seems to me, therefore, to be quite unnecessary to widen the scope of the section in the manner proposed by the Hon'ble Babu Ambica Charan Mazumdar."

The Hon'ble MR. COLLIN said:—"As the Hon'ble Babu Ambika Charan Mazumdar has referred to me as an authority in such flattering terms, I would only say that in the letter in which I raised the point on which clause 4 was added, I referred to certain forms of leases which are in existence and which are to be found under the Waste Land Rules and in which certain power is given to the Commissioner in the Sundarbans. I also said that there may be some other agreements which I had not been able to trace. I referred then entirely to agreements with reference to land. The different conditions under which grants have been given in the Sundarbans have varied considerably since the Commissionership was appointed, and at one time the Commissioner was a much greater man than he is now, and my impression is that in some of the old leases referring especially to revenue-free lands on Saugor Island, I have seen a reference to the Commissioner in the Sundarbans as being given power to decide certain disputes. It was entirely with reference to those matters that I wrote my letter which has been referred to, and I had not in my mind any reference to any other forms of agreements, such as for collection of wax or fisheries. Those matters are entirely dealt with by the Forest Department. So far as any land has been settled by the Commissioner in the Sundarbans it has been settled with the proprietors without any reservations. Any other land which remains unsettled is under the Forest Department either as a Reserve forest or as a Protected forest, and the rules of the Forest Department govern all the arrangements for collection of revenue."

The Hon'ble BABU KALI PADA GHOSH said:—"I confess I have no practical experience of the working of the Sundarbans forests; but taking a common-sense view of the matter I should say, Sir, the amendment proposed by the Hon'ble Babu Ambika Charan Mazumdar ought to be accepted. Although it may be the fact that in instruments that have been already executed in connection with the Sunderbans only land forms the subject-matter of such instruments, it may so happen that in future leases something other than land or anything connected with forest may be treated in such instruments, and to obviate all difficulties in this connection it would be desirable to accept the amendment proposed by my friend. I do not see any harm in doing so, because all that it aims at is to cover instruments that may relate to matters other than land, and I think it would be wise to accept such amendment."

The Hon'ble MR. SHIRES said:—"I venture to think that it was incumbent on the Hon'ble Member to produce proof of the existence of some documents which would be prejudicially affected by the proposed legislation. It is neither customary nor wise to legislate on hypothetical possibilities. It is the invariable practice to confine ourselves, when legislating, to ascertained facts."

The Hon'ble BABU BHUPENDRA NATH BASU said:—"If my friend, the Hon'ble Babu Ambika Charan Mazumdar, were able to cite cases or instances in which cases relating to things other than land were dealt with or referred to I should have had no hesitation in supporting his amendment; but when I find that the officers, who are principally responsible for the administration of the tract known as the Sundarbans, do not themselves want any such provision as my friend suggests, I do not think it is desirable on the part of non-official Members of this Council and having no part in the administration of this tract to press the amendment which is not wanted by those who are responsible for the administration of that part, and in that view I do not see my way to support the amendment of the Hon'ble Member."

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR, in reply, said:—"I will only make one observation with reference to the remarks which have just fallen from my friend, the Hon'ble Babu Bhupendra Nath Basu. I do not admit that there is any difference between official and non-official Members in the consideration of any Bill. It is as much the interest of the official as the non-official Members to see that laws are made so as to be satisfactory in dealing with every possible case that may arise, and the responsibility for this will rest as much with us as with the official Members. I have already stated my views in support of the amendment, but I am asked to cite instances in order to convince Hon'ble Members as to the propriety of my amendment The fact is that my amendment only aids in dealing with possible contingencies. As I have already said, not that there are actual instances which I can cite, but what I mean to say is that instances might arise which might throw us into difficulties, and it is with that view that I propose my amendment. I have nothing further to add."

The Motion was then put and lost.

New Clauses.

The Hon'ble MR. CHAUDHURI, by leave of the Council, withdrew the following motion of which he had given notice, *namely*:—

That the following clause be inserted after clause 3 of the Bill:—

"4. In clause *Second* of section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, 1828,—

(*a*) for the words 'Commissioner of the Sundarbans' and 'Commissioner' the words 'Deputy Collector' shall be substituted; and

(*b*) for the word 'Commissioner's,' in both places in which it occurs, the words 'Deputy Collector's' shall be substituted."

The Hon'ble Mr. CHAUDHURI moved that clause *Second* of section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, 1828, be repealed. He said:—

"The amendment proposed relates to the survey of the Sundarbans. In the Regulation of 1828 there is provision for carrying on a survey for determining the limits of the Sundarbans. In the preamble to that Regulation, it is stated that it is 'desirable to make provision for the immediate settlement of the limits of the Sundarbans, as ascertained by careful local inquiry, conducted by the Commissioner especially appointed to the duty and the surveyors under his authority." When it was necessary for Government to determine the boundaries of the Sundarbans they appointed a Special Commissioner for carrying on the survey, and when the survey was carried on at the spot certain powers were given to the Commissioner to hear objections and certain limitations were imposed by which if objections were not made within three months they would not be allowed. Then there were other provisions for disputing the boundaries as determined by the survey. The following is the second clause of the Regulation referred to:—

The boundary of the Sundarbans jungle shall be laid down by accurate survey, as determined on the spot by the Commissioner of the Sundarbans; and any zamindar, taluqdar, or party interested shall be entitled, on application made through the Commissioner, and on payment of the charge of preparing the same, to receive a copy of the survey map or of any

part of the same, with the boundary marked there as so determined, together with a copy of the Commissioner's proceedings on the subject.

Any party deeming his right injured by the demarcation so laid down shall be at liberty, at any time within three months from the date of the Commissioner's proceeding fixing the same (which proceeding shall always be held and published on the spot), to contest the same by petition to the ordinary Courts of Justice by which the case is cognizable, praying further investigation:

Provided that no plea of objection against the line of demarcation laid down shall be heard or admitted, excepting only such as shall declare and offer proof that at the time of survey a specific quantity of land or land with defined limits was in the occupation of the petitioner cleared and under cultivation, which, by the line of demarcation adopted, is placed within the Sundarban tract belonging to Government

Every such application so made shall be regarded as a claim to hold the tract claimed free of the public assessment, and shall be investigated and decided under the rules of Regulation II, 1819, as modified by this Regulation.

"Now when we are going to abolish the office of the Commissioner of the Sundarbans it would be undesirable to let the present words stand. This whole section has reference to the Commissioner of the Sundarbans. It gives him power to determine the boundaries of the Sundarbans and confers right on parties aggrieved by such determination to contest it in courts of law within certain time limitations. I see no good in keeping this clause alive when we are abolishing the office of the Commissioner in the Sundarbans.

"When that office has been extinguished and the Collector has been given all his powers, then any survey that may now have to be carried on in the Sundarbans will be carried on under the directions of the Local Government and by proper officers appointed in this behalf. That is the general law, and to leave any special law with regard to the survey of the Sundarbans in an old Regulation would be inadvisable. The Sundarbans forms the lowest portion of the Gangetic delta. On one side it is bounded by the river Megna, on the other side by the Ganges, and it is intersected by numerous rivers and streams and on the south there is the sea; so that the boundaries of the Sundarbans cannot be considered as having been fixed and determined for all times. It may be necessary to take up a re-survey of the Sundarbans. If I am not mistaken, I read in some recent accounts of the Sundarbans that great changes had taken place even in its area; thousands of acres of land have been washed away from the Saugor Island, and there are other portions where similar changes in the boundaries had taken place. If there should be occasion for a fresh survey of the Sundarbans, then the survey will have to be conducted under the general law and under the direction of the Local Government.

"It is a general principle of law that any special law overrides the general law, and there is every likelihood that when a re-survey of the Sundarbans takes place questions may be raised by people whose zamindaries or lands may adjoin the boundaries of the Sundarbans as to the validity of any survey carried on under the Survey Act, so long as Regulation III of 1828 which specifically provides for it stands unrepealed. In the Report of the Select Committee it is said that this section has been spent. The Committee evidently referred to the preamble. It is mentioned there that immediate settlement of the limits of the Sundarbans is necessary. That preamble was drawn up when Regulation III of 1828 was passed. So it is surmised that when the limits of the Sundarbans have been once determined no survey for determining the boundaries will hereafter be necessary. But as I have said before, the map boundaries may be fixed, but the geographical boundaries may shift. At any future survey the question will be, under what law the re-survey is to take place. It may be said that the preamble to Regulation III, 1828, is clear that the clause in question only referred to the original determination of the limits of the Sundarbans. But a preamble is as often as not referred to and relied upon for the interpretation of statutes.

"In case of a subsequent survey under the general law, if any question is raised with regard to the validity of the survey, the persons who will question it will refer to this section, and confusion and conflict is likely to arise. If clause second, section 13, Regulation III of 1828, is regarded as spent, I do

not see any use in retaining it in the Statute Book. Since the previous sanction of the Government of India has been obtained in connection with this Bill there is nothing in our way to prevent us from repealing clause 2, section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, III of 1828, and I, therefore, beg to move for its repeal.

The Hon'ble MR. HARE said:—"I may say I am prepared to accept the proposed amendment which was considered in the Select Committee. It was not necessary to amend clause 2 of section 13, Regulation III of 1828, because its function was already completed, but we see no objection to repealing the section. I therefore say I am prepared to accept the proposal. The effect of this would be that clause 2 of the Bill would be amended and the repeal of the second section of section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, III of 1828, would be mentioned in clause 2. Clause 2 will then read as follows:—

The Sundarbans Regulation, 1816, and clause *Second* of section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, 1828, and so much of the Repealing and Amending Act, 1903, as relates to the said Sundarbans Regulation, 1816, are hereby repealed.

The Motion was put and agreed to.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR, by leave of the Council, withdrew the following motion of which he had given notice, *namely*:—

That the following clause be inserted after clause 4 of the Bill:—

"5. In clause *Second* of section 13 of the Bengal Land-revenue Assessment (Resumed Lands) Regulation, 1828,—

(*a*) for the words 'Commissioner of the Sundarbans' and 'Commissioner' the words 'Collector or Deputy Collector especially empowered by the Local Government in this behalf' be substituted; and

(*b*) for the word 'Commissioner's,' in both places in which it occurs, the words 'Collector's or such Deputy Collector's' be substituted."

The Hon'ble MR. HARE moved that the Bill, as settled in Council, be passed.

The Motion was put and agreed to.

THE BENGAL REPEALING BILL, 1905.

The Hon'ble MR. EARLE moved that the Bill to repeal the Bengal Contagious Diseases (Animals) Act, 1880, be taken into consideration.

The Motion was put and agreed to.

The Hon'ble MR. EARLE also moved that the Bill be passed. He observed:—

"I said on the previous occasion all I had to say in regard to this Repealing Bill, and I have nothing further to add to-day."

The Motion was put and agreed to.

The Council was then adjourned to Saturday, the 25th March, 1905.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 1st March, 1905:—

NO. 5 OF 1905.

A Bill to provide for investing the Railway Board with certain powers or functions under the Indian Railways Act, 1890.

WHEREAS a Railway Board has been constituted for controlling the administration of railways in India, and it is expedient to provide for investing such Board with certain powers or functions under the Indian Railways Act, 1890; It is hereby enacted as follows:—

IX of 1890.

1. (*1*) This Act may be called the Indian Railway Board Act, 1905; and

Short title and construction.

(*2*) It shall be read with and taken as part of the Indian Railways Act, 1890.

IX of 1890.

2. The Governor General in Council may, by notification in the Gazette of India, invest the Railway Board, either absolutely or subject to conditions,—

[*Cf.* Act IX of 1890, s. 144 (*1*).]

Investment of Railway Board with powers under Indian Railways Act, 1890.

(*a*) with all or any of the powers or functions of the Governor General in Council under the Indian Railways Act, 1890, with respect to all or any railways, and

IX of 1890.

(*b*) with the power of the officer referred to in section 47 of the said Act to make general rules for railways administered by the Government.

3. Any notice, determination, direction, requisition, appointment, expression of opinion, approval or sanction, to be given or signified on the part of the Railway Board, for any of the purposes of, or in relation to, any powers or functions with which it may be invested by notification under section 2, shall be sufficient and binding if in writing signed by the Secretary to the Railway Board, or by any other person authorized by the said Railway Board to act in its behalf in respect of the matters to which such authorisation may relate; and the said Railway Board shall not in any case be bound in respect of any of the matters aforesaid unless by some writing signed in manner aforesaid.

[*Cf.* Act IX of 1890, ss. 139 & 144 (*2*).]

Mode of signifying communications from the Railway Board.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for investing the Railway Board which has recently been constituted with—

(1) the powers and functions of the Governor General in Council under the Indian Railways Act, 1890 (IX of 1890), which can, as that Act stands, be delegated only to Local Governments, and

(2) the power to make general rules as to Government railways, which can, as section 47 of the Act stands, be exercised only by an officer to be appointed by the Governor General in Council in this behalf, and not by a Board.

2. This object is secured by clause 2 of the Bill. Clauses 1 and 3 are formal. The former declares that the proposed Act shall be read with and taken as part of the Indian Railways Act, 1890, and the latter, following sections 139 and 144 (2) of the Indian Railways Act, 1890, prescribes the mode in which communications from the Railway Board are to be signified.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≏, dew; o, overcast; g, gloomy; d, drizzling rain; t, thunder; ≤, lightning; p, passing temporary showers; /, strong wind; K, thunderstorm.

Manbhum.

No. 1867.—The 10th March 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act 1 of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Sitarampore-Katrasgarh Branch of the East Indian Railway and the Sendra Assisted Siding in Jherria in mauza Bansjora, district Manbhum, and whereas coal-mines are situate under the said land, and whereas Mr. A. A Agabeg has given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that he intends to work or get the mines or minerals lying under the branch or main line, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5(1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas Mr. A. A. Agabeg has agreed not to work and get minerals underlying the land acquired for his siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by Mr. A. A. Agabeg in the manner and subject to the restrictions below specified, viz.—

No driving to be made in any place where the distance from the surface of the ground, or formation level of the railway, to the top of such driving, if it were made, would be under 50 feet; and where such distance would be 50 feet or more, the galleries to be not more than 12 feet in height and 12 feet in width, with centres not less than 60 feet apart, provided always that these two seams shall be taken, under these restrictions, to be one seam; and where any driving has been made, no further driving or drivings shall be made in the area covered by the first drivings and pillars formed by such first drivings.

And that no further excavations shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 29 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the Office of the Chief Inspector of Mines in India.

R. W. CARLYLE,

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th „ to 15th „ ...	1	8	„ „
III.— Ditto, 16th November to 28th February ...	0	8	„ „
IV.— Ditto, 1st March to 15th June ...	2	0	„ „
V.—Water supplied to tanks	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jail raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jail raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may be within the boundaries of the long lease, subject to a limit of 5 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jail raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and those villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

Application for a long lease.

We, the undersigned, of mauza , pargana , thana apply for water to be supplied from distributary of the Dhaka Canal for a term of years, commencing on the 16th June and ending 15th November. WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10 The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance, the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th ,, to 15th ,, ...	1	8	,,
III.— Ditto, 16th November to 28th February ...	0	8	,,
IV.— Ditto, 1st March to 15th June	2	0	,,
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shalll be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from Distributary of the Teur (Madhuban) Canal for a term of years, commencing on the 16th June and ending 15th November. EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 8th March 1905.—Babu Bhairab Sahay, a Sub-Inspector of Schools under the District Board of Shahabad (class VI), was granted by the Board privilege leave for one month with effect from the 16th January 1905.

Pending the appointment of a successor to the late Babu Revati Nandan, Officiating Assistant Head Master of the Patna Training School, under orders of transfer to the Patna Collegiate School, the following arrangements are temporarily sanctioned in the former institution:—

(1) Babu Ram Prasad, B.A., Officiating Assistant Master, Patna Training School (substantively *pro tempore* in class VIII), is appointed to act as Officiating Assistant Head Master of that institution on his own pay, *vice* Babu Revati Nandan.

(2) Maulvi Muhammad Sayeed, an Assistant Master (Head Maulvi) in the Patna Training School, on a salary of Rs. 30 a month, is appointed to act in class VIII of the Subordinate Educational Service, *vice* Babu Revati Nandan.

Babu Hari Ballabh Mandal, an Assistant Master in the Pabna Zilla School (class VIII), is allowed leave of absence for two weeks under article 271 of the Civil Service Regulations, in continuation of that granted to him under the orders of the 17th January 1905.

The 10th March 1905.—Babu Dvarka Nath Das, Head Clerk in the office of the Inspector of Schools, Rajshahi Division (class VII), was absent on leave for seven days, under article 260 of the Civil Service Regulations, in continuation of that granted to him under the orders of the 25th January 1905.

Babu Dvarka Nath Das, Head Clerk, office of Inspector of Schools, Rajshahi Division (class VII), is allowed leave without allowances for one year, under article 339 of the Civil Service Regulations, with effect from the 1st March 1905.

Babu Sarat Chandra Chakravarti, a clerk in the office of the Inspector of Schools, Rajshahi Division, is appointed substantively *pro tempore* to be Head Clerk of that office and to class VIII of the Subordinate Educational Service, during the absence, on leave, of Babu Dvark Nath Das or until further orders.

Babu Kamal Krishna Sen, an Assistant Master in the Dacca Collegiate School (class IV), having returned to duty on the forenoon of the 21st February 1905, the unexpired portion of the leave granted to him, under the orders of the 26th December 1904, is cancelled.

The 11th March 1905.—Babu Syama Charan Mukerjea, M.A., is confirmed as an Assistant Master in the Ravenshaw Collegiate School and in class VII of the Subordinate Educational Service.

Babu Adya Nath Roy, B.A., an Assistant Master in the Dinajpur Zilla School (class VII), is appointed to be Assistant Head Master of the Jalpaiguri Zilla School.

The 13th March 1905.—Mr. T. A. Gregory (substantively *pro tempore* in class VI) is confirmed as an Assistant in the office of Director of Public Instruction, Bengal, with effect from the 23rd February 1905.

Babu Braja Lal Adhikari, an Assistant Master in the Krishnagar Collegiate School (class VII), is appointed to be a clerk in the office of the Inspector of European Schools, Bengal, on the pay of his own grade.

This cancels the orders of the 17th February 1905 appointing Babu Braja Lal Adhikari as an Assistant Master in the Palamau Zilla School.

The 13th March 1905.—Babu Basanta Chandra Das, B.A., an Assistant Master in the Rangpur Zilla School (class VII), is appointed to be an Assistant Master (Science Teacher) in the Dacca Collegiate School.

The 14th March 1905.—Babu Sarat Chandra Sen is appointed to act as an Assistant in the office of the Bengali Translator to Government and in class VI of the Subordinate Educational Service on a salary of Rs. 75 a month, during the deputation of Babu Bidhu Bhushan Mukerjee, or until further orders.

A. PEDLER,
Director of Public Instruction, Bengal.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1905.

WITH reference to Notification No. 5058F., in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH will be given this year to the author of the best original essay composed during the year 1905 giving the results of original research or investigation by the essayist on Mathematics.

2. Any native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

3. The essays of competitors *must be* sent in to the President of the Bengal Asiatic Society, 57, Park Street, Calcutta, by the end of December 1905. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1906.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

A. H. L. FRASER,
President of the Asiatic Society of Bengal.

NOTICE.

IT is notified for public information that, with effect from the 1st April 1905, the following changes will be made in the method of publishing the daily telegram issued by the Meteorological Department of the Goverment of India which gives a summary of the weather of the previous day and a brief forecast for the following twenty-four hours :—

(1) The length of the telegrams will be materially shortened by the omission of details of purely scientific interest.

(2) The telegrams instead of being despatched from Simla about 2 P M. as hitherto will be despatched about an hour and-a-half earlier.

(3) Telegrams to newspapers and Government officers instead of being treated as "ordinary" as heretofore will in future be dealt with as "urgent."

(4) At important places to which the telegram is separately despatched, a copy of the telegram will, on receipt, be posted up at the Telegraph Office for public information.

(5) In place of the present practice by which the telegram is sent free of charge to certain selected newspapers, it will now be supplied on payment to any newspaper in India which is willing to subscribe. The charge for any newspaper, private individual or association willing to subscribe will be—Monthly Rs. 10. Daily 6 annas.

(6) Applications for these telegrams should be addressed to the Meteorological Reporter to the Government of India, Simla.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

Calcutta.

No. 1246M.—The 8th March 1905.—In exercise of the powers conferred upon him by the proviso to sub-section (2) of section 241 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Lieutenant-Governor is pleased to extend by a term of two years, with effect from the 1st April 1905, the period within which the conversion of the intermittent system of supplying filtered water into a continuous system shall be completed within the Town area of Calcutta.

Manbhum.

No. 1255M.—The 9th March 1905.—Whereas a Notification No. 3700M., dated the 20th December 1904, was published at pages 269-70, Part IB of the *Calcutta Gazette* of the 21st idem, declaring the intention of the Lieutenant-Governor to extend the provisions of section 241 of the Bengal Municipal Act, III of 1884, to the Purulia Municipality, in the district of Manbhum, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Purulia Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

Howrah.

No. 1276M.—The 10th March 1905.—Whereas a Notification No. 3570M., dated the 13th December 1904, was published at page 267, Part IB of the *Calcutta Gazette* of the 21st idem, containing a plan submitted by the Commissioners of the Howrah Municipality for lighting certain portions of the town with gas, and whereas no objection has been raised to, and no alterations have been suggested in, the said plan within one month from the publication of a vernacular translation of the same within the limits of the said Municipality, it is hereby notified for general information that, in exercise of the power vested in the Local Government by section 308 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor sanctions the said plan which is reproduced below:—

1. The portions of the town of Howrah, which it is proposed to light with gas in addition to the portions already so lighted, are those within the following boundaries and 60 feet beyond them:—

On the east Grand Trunk Road; on the north Nandi Bagan Lane; on the west Nandi Bagan Lane and Barabagan Lane; and on the south Nandi Bagan Lane and short cut.

2. An agreement has been entered into between the Commissioners of the Howrah Municipality and the Oriental Gas Company for the supply and lighting of lamps at the rate of Rs. 72-8 each per annum. The expenditure for putting up and maintaining 12 lamps in the aforesaid area and 36 lamps in the streets and areas noted in the margin, which have already been included in the gas-lighted areas, is estimated to be Rs. 3,480.

No. 1335M.—The 13th March 1905.—Whereas a notification No. 122M., dated the 9th January 1905, was published at page 9, Part IB of the *Calcutta Gazette* of the 11th January 1905, declaring the intention of the Lieutenant-Governor to extend the provisions of Part X of the Bengal Municipal Act, III of 1884, to the Berhampore Municipality, in the district of Murshidabad, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Berhampore Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

Murshidabad.

No. 1348M.—The 13th March 1905.—It is hereby notified for general information that, in accordance with the recommendation of the Commissioners of the Daltonganj Municipality, in the district of Palamau, made at a meeting, the Lieutenant-Governor intends, in exercise of the power vested in the Local Government by section 9 (*c*) of the Bengal Municipal Act, III of 1884, to revise the boundaries of the said Municipality so as to include within its limits the following area, unless good reasons are shown to the contrary within six weeks from the date of publication of this notification within the Municipality:—

Palamau.

Boundaries of the area proposed to be included.

On the North.—Extension of the present northern boundary line eastward to a point 1,550 feet in a straight line.

On the East.—By a straight line 2,920 feet long, which intersects the Daltonganj-Lesliganj road at a point 650 feet from the first mile-stone; thence by a straight line 1,320 feet long towards east at right angles to the above line; thence by a straight line 6,600 feet long towards south, which joins with the south-east corner of the old boundary.

On the South.—The river Koel.

On the West.—Mr. Hodge's bungalow, Rarma-Sudna road; thence a straight line to the point where the boundary of Rarma and Shahpur meets.

The revised boundaries of the Municipality after the inclusion of the above area will be as follows:—

North.—Starting from a point 1,350 feet on the north of the intersection of the Garhwa road with the river Koel to a point at a bearing of 48 degrees, distant 3,950 feet; thence by a line at right angles to the above line, length 6,100 feet, intersecting Gaya-Aurangabad road and Daltonganj-Patan road; thence at a bearing of 97 degrees, length 2,950 feet.

East.—By a straight line 2,920 feet, which intersects the Daltonganj-Lesliganj road, at a point 650 feet from the first mile-stone; thence by a straight line 1,320 feet long at right angles to the above line; thence by a straight line 6,600 feet long towards south, which joins with the south-east corner of the old boundry.

South.—By the south bank of the river Koel.

West.—The river Koel and Harvanga Chuk.

No. 1356L.S.-G.—The 13th March 1905.—It is hereby notified for general information that, in exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends of that section to make the following rule in modification of rule 57 of the rules made under clauses (*g*), (*l*) and (*m*) and published with Notification No. 3334L.S.-G., dated the 20th December 1901, at pages 293—305 of Part IB of the *Calcutta Gazette* of the 25th idem. This rule will be taken into consideration with a view to its final adoption on the 1st May 1905, when any objection or suggestion which may be made by any person and received before that date will be considered:—

57. In the case of the following classes of estimates or projects, the sanction of the District or Local Boards shall be subject to the confirmation and approval of the authority indicated:—

(*a*) All projects for new works the estimated cost of which amounts to Rs. 25,000 or more	Approval of the Local Government in the Public Works Department to be obtained through the Inspector of Local Works and Commissioner of the Division.
(*b*) All projects for works which may affect or alter the course of any river which is navigable at any time of the year or on either bank of which there is any public embankment	
(*c*) All projects for embanked roads passing through country subject to floods or irrigated from canals ...	
(*d*) Plans and estimates for new works or repairs the amount of which is Rs. 5,000 or more	Approval of the Commissioner of the Division to be obtained through the Inspector of Local Works.
(*e*) Plans and estimates for new works for providing or improving drainage	
(*f*) Plans and estimates for new works or for repairs of existing works for the improvement of the supply of drinking-water, the cost of which exceeds Rs. 1,200.	
(*g*) Plans and estimates for new works, and tools and plant, including live-stock and office furniture—	
In the case of a district in class III if the cost exceeds Rs. 500.	
In the case of a district in class II if the cost exceeds Rs. 1,000.	
In the case of a district in class I if the cost exceeds Rs. 2,500.	
(*h*) Plans and estimates for repairs—	
In the case of a district in class III if the cost exceeds Rs. 1,000.	
In the case of a district in class II if the cost exceeds Rs. 2,000.	
In the case of a district in class I if the cost exceeds Rs. 5,000.	

The sanction of the District or Local Board to an estimate for an original work which forms part of a contemplated scheme, although such estimate may in itself be within the limit up to which the Board can sanction, shall be subject to the confirmation and approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and approximate cost of the entire scheme is fully set forth in the report of the estimate.

When the approval of the authority indicated is received, the execution of the work may be proceeded with in accordance with any provision that may be made for it in the budget of the year. If the plans have been materially altered or if the estimate has been raised by the controlling authority, they must be resubmitted to and approved by a formal resolution of the District or Local Board before the work is begun.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Faridpur, will be put up to sale at the Faridpur Collectorate on the 24th March 1905, corresponding with 11th Chaut 1311 B. S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the scheme of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Bengal Police Notice.

THE Inspector-General of Police, Lower Provinces, is prepared to receive applications for the appointment of Sub-Inspector of Police from young men of respectable parentage, who have passed the Entrance Examination of the Calcutta, Allahabad or Punjab University, or who have passed the final examinations of the *B* and *C* classes of the Calcutta University. Preference will be given to graduates and undergraduates. Applicants must be not less than 21 nor more than 25 years of age on the 1st of April 1905.

No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest.

(*Note*—"Stuttering or stammering" is a constitutional defect, and represents a physical disqualification.)

II.—That he is of good moral character.

III.—That he belongs to a respectable family and is of good social standing.

Printed forms of applications are obtainable in the office of all District Superintendents of Police. Applications should be submitted through the District Superintendent of Police and Magistrate of the district within which the candidate resides. Applications must reach the office of the Inspector General of Police not later than the 31st March 1905.

Selected candidates will undergo a 42 weeks' course of instruction at the Bhagalpur Police Training School. This course will include drill, riding, elementary surveying, anthropometry, and instruction in prosecuting cases in Magistrates' Courts and other practical duties of an investigating officer.

At the end of the 42 weeks candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will be confirmed as Sub-Inspectors. During the period of instruction they will be subject to the Rules and Regulations of the Training School, and will receive Rs. 25 a month as salary. On being passed out of the Training School, they will receive Rs. 50 a month as Probationary Sub-Inspectors.

The position of selected candidates in the Range lists from which promotions are made will be determined by the places obtained at the final examination held at the conclusion of the Training School term.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No. 104T., dated the 13th March, 1905.—In exercise of the power conferred by rule 34 of the Rules for the Conduct of the Legislative Business of the Bengal Council, the Lieutenant-Governor is pleased to order the publication of the following Bill, which it is proposed to introduce in the said Council, together with the Statement of Objects and Reasons:—

A

BILL

To amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to amend the Calcutta Port Act, 1890; Ben. Act III of 1890.

It is hereby enacted as follows:—

Short title. 1. This Act may be called the Calcutta Port (Amendment) Act, 1905.

Amendment of section 5. 2. In section 5 of the Calcutta Port Act, 1890, for the words "fifteen Commissioners" the words "seventeen Commissioners" shall be substituted, and for the words "five nominated Commissioners" the words "seven nominated Commissioners" shall be substituted. Ben. Act III of 1890

Amendment of 35 3. After clause (7) of section 35 of the said Act, the following clause shall be inserted, namely:—

"(7*a*) The building of vessels for the carrying of goods or passengers, or both, within the limits of the port, or partly within and partly without those limits."

Insertion of new section 35A. 4. After section 35 of the said Act the following shall be inserted, namely:—

"35A. The Commissioners shall not undertake the carrying of goods for hire in any vessel belonging to or hired by them, except with the sanction of the Local Government.

Sanction required to the carrying of goods on Commissioners' vessels.

Such sanction may be general in its terms subject to any restrictions which the Local Government may enjoin in respect of the carriage of any class or classes of goods between specified places."

Insertion of new section 105A. 5. After section 105 of the said Act the following shall be inserted, namely:—

"105A. The Commissioners shall also frame a scale of charges for the carrying of goods and passengers, respectively, on vessels belonging to or hired by them."

Charges for carrying goods and passengers on Commissioners' vessels.

Amendment of section 106. 6. In section 106 of the said Act, for the words "for hire" the words "whether for hire or not, and" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to increase the constitution of the Port Commission to 17 members and to empower the Commissioners to improve and regulate the means of communication across and along the river Hooghly within the limits of the Port of Calcutta

2. The constitution of the Port Commission is under section 5 of the Calcutta Port Act (Ben. Act III of 1890) fixed at 15 members. This number only allows of two of the three Railway Companies carrying traffic into Calcutta being represented on the Commission and does not provide for the interests of Howrah in the Port of Calcutta. It is proposed in section 2 of the Bill to add two members to the Port Commission to allow of these important interests being adequately represented.

3. The Commissioners already have power, under section 55 of the Calcutta Port Act, 1890 (Ben. Act III of 1890), to acquire vessels, and it is proposed in clause 3 of the Bill to empower them to build vessels for carrying passengers or goods within or partly within and partly without the limits of the Port; while clause 5 introduces an amendment to enable them to require payment for the carrying of goods or passengers in vessels belonging to or hired by them.

4. Existing conditions render it desirable that a ferry service for passengers should be established and worked by the Port Commissioners by way of an addition to the private passenger services already working. It is not intended that the Commissioners should carry goods in their vessels in competition with companies and other boat-owners already engaged in business of this class; but the necessity for carrying goods in the Commissioners' vessels in some cases might arise at any time, and it is expedient to recognise and provide for such a necessity. It is proposed, however, by clause 4 of the Bill, to require the general sanction of the Local Government to the carrying of goods, under such restrictions as may appear necessary so as to prevent any undue competition with private trade.

5. Under section 6 (*k*) of the Indian Ports Act, the Local Government is vested with powers to frame rules for licensing and regulating cargo, passenger and other boats plying, *whether for hire or not*, in any port in which the Act is in force. In the Port of Calcutta this duty of licensing and regulating boats is vested in the Commissioners of the Port; but under section 106 of the Calcutta Port Act, the Commissioners are empowered to frame a scale of tolls, rates, charges and fees to be paid by owners of vessels *plying for hire only*. Consequently when framing the rules under section 6 (*k*) of the former Act, vessels not plying for hire were excluded from licensing and registration.

6. A comparison of section 6 (*k*) of the Indian Ports Act with the corresponding section of the repealed Act of 1875 shows that it was the object of the Legislature to make no distinction in the treatment of vessels that are plying for hire and vessels that are not plying for hire, and it was clearly due to an omission that the correction was not made in the Calcutta Port Act when it was last amended in 1898. In the interests of the Port it is necessary that vessels not plying for hire should be regulated and brought under the same control as those plying for hire, and it is now proposed to do this by amending section 106 of the Act.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 10th March, 1905:—

No. 6 OF 1905.

A Bill further to amend the Court-fees Act, 1870.

WHEREAS it is expedient further to amend the Court-fees Act, 1870; It is hereby enacted as follows:— VII of 1870.

1. This Act may be called the Court-fees (Amendment) Act, 1905. Short title.

2. In section 7, sub-head xi, of the Court-fees Act, 1870,— VII of 1870. Amendment of section 7, Act VII, 1870.

(*a*) after clause (*c*), the following clause shall be inserted, namely:—

"(*cc*) by a landlord to eject a tenant or a person remaining, after the determination of his tenancy, in possession of any immoveable property;"

(*b*) for the word "land", in clause (*e*), the words "any immoveable property" shall be substituted; and

(*c*) for the word "land", in the concluding clause, the word "property" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

IT has been held by the Chief Court of Lower Burma that the court-fee payable in suits for the ejectment of persons remaining in possession of immoveable property after the determination of their tenancy must, under clause v of section 7 of the Court-fees Act, 1870, be computed upon the value of the property. The effect of the decision referred to is to require the payment of an unduly heavy fee in suits the object of which is solely to secure ejectment, and in which the title to property is not in dispute. It is accordingly proposed by the present Bill, which has been prepared after consultation with the various Local Governments and High Courts, to declare that the court-fee in such suits shall be computed upon the yearly rent of the property. This is the effect of the new clause (*cc*) which sub-clause (*a*) of clause 2 of the Bill proposes to insert in sub-head xi of section 7 of the Act. The other clauses of the Bill are designed to remove the possibility of doubt as to the meaning of the word "land" as used in clause (*e*) and the last clause of the same sub-head.

The 8th March, 1905.

A. T. ARUNDEL.

J. M. MACPHERSON,
Secretary to the Government of India.

PRELIMINARY FORECAST OF THE OIL-SEED CROPS OF BENGAL, 1904-1905.

THE following note is published for general information. Since the publication of this forecast frost is reported to have damaged linseed in Patna district to the extent of 40 per cent. and mustard and rape in Purnea district to the extent of 20 per cent. Slight damage to the oil-seed crops is reported from Saran and Muzaffarpur. The report from Shahabad has not yet been received.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Preliminary Forecast of the Oil-seed Crops of Bengal, 1904-1905.

Explanatory.—This forecast furnishes preliminary estimates of area and outturn of the different kinds of oil-seeds, both *bhadoi* and *rabi*, grown in these Provinces. The chief oil-seed crops of the Province are white and brown mustard or *colza*, rape (*rái*) or small mustard, sesamum (*til*), linseed, castor, niger oil-seed (*sirguja*) and eruca sativa (*tárámani*). The large and small mustards which are not yet distinguished in the returns occupy about 53 per cent.

of the total area under oil-seeds. Linseed occupies about 23 per cent. The remaining 24 per cent. is occupied by other oil-seed crops. The chief mustard growing districts are in the Rajshahi Division, also in Mymensingh, Dacca, Purnea and the Sonthal Parganas. The lands annually inundated by the great rivers of the Province are best suited for this crop. Linseed, which does better in the harder old alluvium, flourishes best in Darbhanga, Saran, Champaran and Gaya. *Til* like mustard grows best on new alluvium, and it is also grown successfully in the gritty and rocky soils of this Province. So while this crop is largely grown in Jessore, Bogra, Pabna, Dacca, Mymensingh, Backergunge, Tippera and Noakhali, it is also grown in Midnapore, Gaya, Angul, Hazaribagh and Palamau.

2. *Character of the season.*—The season has been on the whole favourable to the oil-seed crops. The rainfall at the end of October was highly beneficial to the *rabi* oil-seeds at the sowing and the early growing seasons. Drought affected the crops chiefly in Palamau, Ranchi, Jessore and Angul. Excessive rainfall in October at sowing time affected the crop prejudicially chiefly in Nadia, Noakhali and Jalpaiguri. Injury done by insect pest is reported only from Buxar and Sadar subdivisions of Shahabad. Late floods in Eastern Bengal and Murshidabad did rather good than harm to the oil-seed crops that were sown afterwards. The drought that prevailed in December has been more than compensated for by the showers which were general in January all over the Province.

3. *Area sown.*—Since the publication of the final forecast of the oil-seed crops of 1903-1904, the District Officers of Burdwan, Hooghly, Jalpaiguri, and Mymensingh have submitted revised figures for normal areas. The total normal area for the whole Province is now estimated at 3,954,400 acres against 3,878,900 acres estimated last year. The area actually sown this year is 3,685,200 acres against 3,829,500 acres which was subsequently revised to 3,827,300 acres. The decrease is due in some districts to rains holding off till the end of October. Of the normal and actual areas, 1,200,786 acres and 717,967 acres only are based on ascertained facts.

4. *Character of the crop.*—As in the last year, Pabna, Dacca and Purnea have again reported a 100 per cent. crop. The other districts which have reported 100 per cent. crop are Birbhum, Mymensingh, Champaran and Bhagalpur. Twelve districts, viz., 24-Parganas, Dinajpur, Faridpur, Backergunge, Tippera, Chittagong, Patna, Gaya, Saran, Muzaffarpur, Malda and Cuttack, have reported 90 to 99 per cent. crops. Twelve other districts, viz., Hooghly, Murshidabad, Khulna, Rajshahi, Jalpaiguri, Darjeeling, Rangpur, Shahabad, Darbhanga, Balasore, Hazaribagh and Singhbhum, have reported 80 to 89 per cent. crops. Angul, Ranchi and Palamau have reported the worst crops estimated variously at 50 to 58 per cent. of a normal crop. According to the district estimates the general outturn for the Province comes to 87 per cent. of a normal crop against 84 per cent. estimated last year by District Officers. Considering the favourable character of the rainfall in January, I am inclined at present to raise the general estimate to 90 per cent.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30TH SEPTEMBER, 1904.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 13th March 1905.

RESOLUTION—No. 1458.

READ—

The Survey and Settlement Reports for the year ending the 30th September 1904, with the remarks of the Board of Revenue thereon.

The submission of the Settlement Report of the Director of Land Records was delayed for over a month by the necessity of obtaining fresh statistics for its appendices in certain modified forms the introduction of which was unavoidably delayed. Both the Survey and Settlement Reports have been written concisely and in general conformity with the orders of Government.

2. During the year, the work of the Survey and Settlement Departments in Bengal extended over portions of fifteen districts comprised in eight Divisions, exclusive of certain municipal and other minor areas, and of the Political States of Kharsawan and Seraikela in Chota Nagpur the survey and settlement of which have been undertaken at the request of the Chiefs. With a few trifling exceptions, the programme, which was large, was carried out completely. The traverse survey covered a total area of 5,028 square miles as against 6,884 square miles in the year 1902-1903; but the area cadastrally surveyed (5,014·77 square miles) exceeded the previous year's outturn by 1,325·77 square miles, while an additional area of 463 square miles was surveyed topographically. Up to the close of the period covered by the present Reports, a record-of-rights had been framed, under the supervision of the Director of Land Records, in respect of 35,231 square miles out of the 151,185 square miles which form the total area of British territory in the Province. The progress during the last 18 years has averaged 1,057 square miles *per annum*; but the area completed in the year 1903-1904 amounted to 2,749 square miles, and the recent expansion of the unit of operations to be carried out by each Survey and Settlement party will result in yet more rapid progress in future.

3. Both Reports present a year's record of successful administration, and the Lieutenant-Governor is glad to notice that, as observed by the Board, Major Crichton continued to keep prominently before him the object of securing all economy possible without impairing the efficiency of the work. As indicated by the figures noted in the margin, the cost rates of traverse survey were slightly higher than in the previous year in all the larger operations. His Honour is, however, satisfied that, in the circumstances stated in paragraphs 13, 16, 19 and 21 of the Survey Report, the rates could not well have been lower. As regards cadastral survey and initial record-writing, which are by far the most expensive items of survey work, the cost rates per square mile in Bhagalpur, Backergunge and Ranchi were, respectively, Rs. 82·7, Rs. 130, and Rs. 93·2 as against Rs. 132·5, Rs. 167·7, and Rs. 94 in the previous year. The reduction is stated to be due mainly to larger fields and the acquisition of experience by the staff. Sir Andrew Fraser agrees with Major Crichton that the cost rate of Rs. 101·5 for cadastral survey and initial record-writing in the district of Purnea is a very low rate, considering the fact that the district is very unhealthy; and His Honour notices with satisfaction that the Managers of the Darbhanga and Banaili estates in this district gave ready assistance to the Survey Department in obtaining coolie labour with regard to which considerable difficulty was experienced at the outset. The exceptionally low cost rate of cadastral survey and initial record-writing in Ranchi was due in a great measure to the fact that the people continued to supply labour free of charge. This is very satisfactory, inasmuch as, owing to the poverty of the country and the people, economy is of special importance in Chota Nagpur.

District.	Cost rate of traverse survey per square mile	
	1902-03.	1903-04.
	Rs	Rs
Bhagalpur ...	26·6	35·8
Purnea	24·3	26·6
Backergunge ...	43·6	57·1
Ranchi	28·9	32·0

4. In paragraphs 67, 71 and 72 of the Settlement Report the Director of Land Records refers to a deplorable state of things in the district of Ranchi. Of the number of holdings the records of which were attested during the year, 16 per cent. are held by non-occupancy raiyats. The total number of tenures recorded was 17,152, of which 5,906 were holdings of occupancy raiyats and 2,782 of non-occupancy raiyats. This unduly high proportion is attributable mainly to the existing tenancy law of Chota Nagpur, under which no raiyat can acquire a right of occupancy in a plot of land unless he has cultivated or held that particular plot for a period of 12 continuous years An amendment of the law cannot be undertaken until sufficient materials for a definite decision have been collected by means of the survey and settlement operations now in progress; but the Lieutenant-Governor hopes that those operations will effect some improvement in the condition of the raiyats in the meantime. The other matters referred to by the Director, viz, the subversion of the rights of the Mundas under the cloak of the law, and the consequent want of confidence in the law courts on the part of the aboriginal population, engaged the Lieutenant-Governor's attention during his visit to Ranchi in September 1904. The whole subject was fully discussed by His Honour with the local officers and the Rev. Father Hoffmann, S.J., Missionary at Sarwada, who is admittedly one of the best living authorities regarding the religion and customs of the Mundas. With regard to the possibility of remedying the evil already done, the Lieutenant-Governor awaits a joint report from the Commissioner of Chota Nagpur and the Settlement Officer of Ranchi As regards the prevention of injury to the raiyats in future, it is to be noted that one of the main objects with which the settlement of the district had been undertaken was to ascertain and maintain the rights of the Mundas. It appeared to His Honour, therefore, that the principal preventive measure should be to provide against the settlement becoming fruitless and nugatory owing to the courts remaining ignorant of, or in any way antagonistic to, its results. Steps have accordingly been taken for the instruction of Deputy Magistrates and of officers subordinate to the Judicial Commissioner of Chota Nagpur in the nature and value of the settlement records, and for the regular supply of information to these officers as to the progress of the settlement in every part of the district. At the request of His Honour Mr. Carnduff, late Judicial Commissioner of Chota Nagpur, has also brought out an annotated edition of the Chota Nagpur Landlord and Tenant Procedure Act, which furnishes an authoritative account of the history and nature of the Mundari tenures; and this will, it is hoped, lead to more satisfactory decisions of cases in future.

5. In the course of the settlement proceedings in Ranchi, considerable difficulty was experienced in the identification of the lands surveyed under the Bhuinhari Act, II (B.C.) of 1869, as the *bhuinhari* maps never exactly coincide with the actual field boundaries of the present survey. The procedure adopted by the Settlement Department to eliminate the discrepancies, as stated in paragraph 66 of the Director's Report, appears to the Lieutenant-Governor to be satisfactory.

6. In North Bhagalpur the task of the Settlement Department was beset with special difficulties, inasmuch as many landlords had enhanced rents in contravention of the provisions of section 29 of the Bengal Tenancy Act. Similar instances having come to light elsewhere, Government has now under consideration an amending Bill intended to remove the defects in the law which render such contravention possible.

7. In paragraph 4 of the Resolution on the Survey and Settlement Reports for the year ending 30th September 1903, the Lieutenant-Governor had occasion to express his decided opinion that the trustworthiness of the record-of-rights should on no account be impaired by the appointment of kanungos and persons not previously in the service of Government to the responsible office of an Assistant Settlement Officer. The Government of India have also expressed their strong disapproval of the employment of such agency, and the practice has been continued only because of the inadequacy of the Provincial and Subordinate Executive Services. It has now been finally decided that no one below the rank of a Sub-Deputy Collector shall be appointed to be an Assistant Settlement Officer, and steps have been taken to provide the requisite number

of Deputy and Sub-Deputy Collectors. As soon as these have been provided kanungos and persons not previously in the service of Government will no longer be appointed Assistant Settlement Officers.

8. With regard to the question of *diara* surveys alluded to in paragraph 5 of the last year's Resolution, it has been decided that as riverain tracts will be surveyed in the course of the survey and settlement of each district, action should for the present be confined to keeping up to date the maps of *diara* lands so surveyed, and arrangements have been made for a beginning in the Patna Division.

9. The schemes for the maintenance of settlement records in North Bihar, Chittagong and Orissa are still under the consideration of the Government of India. The Settlement Report bears evidence of considerable improvement in the record of mutations and the maintenance of rent-rolls in Government and wards' estates. The Lieutenant-Governor has no doubt that the Board will take such steps as may be considered necessary for the proper performance of this important task where it is still backward.

10. The Lieutenant-Governor is much gratified to find that during the year there was an appreciable advance in the utilisation of settlement records. These records are prepared with immense trouble and at great expense; and if they are properly used and are given the weight which attaches to them under the law, they cannot fail to be of the greatest assistance in many branches of district administration, and to afford the protection which it is their primary object to ensure. Ignorance as to the nature of these documents and as to the mode of using them have been the main reasons why they have not hitherto been in such request as they should be. Suitable instructions have therefore been issued for the guidance of Executive Officers; and a scheme is now under consideration for giving Munsifs a training in settlement work in order that before entering upon the difficult duty of adjudicating on disputes connected with land, they may acquire a practical knowledge of the settlement procedure and records and of agrarian conditions generally.

11. Revised rules for the maintenance of boundary marks have only recently issued, but already there are signs of improvement in this matter; and, judging from this, the Lieutenant-Governor agrees with Mr. Maddox that a more efficient record and maintenance of these marks in future may well be looked for.

12. This short review would be incomplete without an expression of the Lieutenant-Governor's cordial appreciation of the services of Major R. T. Crichton and Mr. S. L. Maddox, who were in charge of the Survey and Settlement Departments respectively, and of those of the officers named in the concluding chapters of the two Reports. Sir Andrew Fraser fully agrees with what the Director of Land Records and the Board have said with regard to Mr. Beatson Bell, Settlement Officer, Backergunge, whom His Honour congratulates upon the smooth and successful carrying out of operations in a district which presented special difficulties. The Lieutenant-Governor's acknowledgments are also due to Messrs. McPherson, Lister and Coupland for the excellent work done by them.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*, and that a copy of it, with copies of the two Reports, be submitted to the Government of India.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

Offg. Chief Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≏, dew; o, overcast; p, passing temporary showers; d, drizzling rain; g, gloomy; t, thunder.

QUESTIONS AND ANSWERS.

DREDGING OF THE BHAGIRATHI RIVER.

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA asked :—

(*a*) Is the Government going to take any steps, without further delay, for using dredgers for the improvement of the river Bhagirathi and Hooghly, as it has recognised the miserable condition of the river during the dry season?

(*b*) Does the Government consider that the necessity for the use of dredgers has ceased owing to the facility of communication likely to be secured by the opening of the Ranaghat-Katihar line?

(*c*) Does not the Government consider it desirable and necessary to remove the existing shoals and to secure a navigable channel with current throughout the year for the improvement of the sanitary condition of the large tracts through which the river runs?

(*d*) Does not the Government share the views of experts who believe that the Port of Calcutta would be materially prejudiced if the channel of the Bhagirathi and Hooghly be not properly improved and maintained?

(*e*) Is the Government aware that the merchants and traders carrying on inland trade prefer carrying their articles by river to railway, and does not the Government believe that, notwithstanding the facilities of connection to be had by the opening of the Ranaghat-Katihar line, the river traffic would increase to a considerable degree if the Bhagirathi-Hooghly river be made navigable throughout the year?

(*f*) If the Government be not prepared to make use of dredgers for improving the channel, would the Government be pleased to direct its officer in charge of the Nadia Rivers Division to make more extensive use of corrugated iron sheets and *sál* posts in the Bandel works instead of bamboo mats and bamboo posts?

The Hon'ble MR. INGLIS replied :—

"It will be convenient if I answer questions (*a*), (*b*) and (*c*) together.

"The proposal to keep the Bhagirathi open for navigation throughout the year by means of large suction dredgers has never been seriously contemplated by this Government. Admitting that the scheme were practicable from an engineering point of view it would certainly be prohibitive on account of its great cost; and in view of the large expenditure which will shortly be incurred in the development of the railway systems near the river, it is highly improbable that the Government of India would sanction further expenditure in order to increase still further the means of communication with Calcutta for the Ganges traffic.

"A project for establishing direct water communication between Madareepore and Khulna has recently been submitted to the Government of India for sanction. In the estimate provision is made for the purchase of a large suction dredger. If the estimate is approved by the Secretary of State it will be possible to have the machine landed in India in the course of next year. It is the intention of Government to experiment with this dredger in removing the extensive shoal which has formed at the entrance of the Bhagirathi: should the experiment prove successful there is reason to believe that a good supply of fresh water will be assured in the upper parts of the river during the hot weather months.

"The answer to (*d*) is in the negative.

"(*e*) It is not the experience of this Government that merchants and traders prefer carrying their articles by river to railways. Since the Bengal-Nagpur Railway and the South Bihar Railway came into competition with the Orissa Canals, the Orissa Coast Canal, the Midnapore and the Sone Canals, the receipts from tolls in these canals have decreased by fifty *per cent.*

"(*f*) An experiment was made last year to train the shoals in the Nadia rivers by using corrugated iron sheets instead of mats in the preparation of the bandels.

"It has been decided not to continue the experiment as the results obtained were not commensurate with the cost incurred."

REDUCTION OF THE TRAFFIC STAFF ON THE EASTERN BENGAL STATE RAILWAY.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

(*a*) Has the attention of the Government been called to two paragraphs which appeared in the *Bengalee* of the 21st September last and in the *Telegraph*

[*Babu Ambika Charan Mazumdar; Mr. Inglis; Mr. Shirres.*]

of the same date, in both of which it was stated that it was in contemplation to reduce the numerical strength of the Traffic Staff of the Eastern Bengal State Railway? Has the Government been yet consulted in the matter? And before any such reduction is sanctioned, will the Government be pleased thoroughly to consider the inexpediency of such a step particularly in view of the effect which such reductions may have on chances of accidents which are not unknown on this Railway?

(*b*) Will the Government, in view of the heavy traffic on this Railway and the risks attendant thereon, be further pleased to consider the propriety of extending the double lines from Poradah to Rajbari?

The Hon'ble Mr. Inglis replied:—

"(*a*) No general reduction of traffic staff on the Eastern Bengal State Railway has been carried out or is contemplated; but from time to time the traffic staff at the various stations on the system is adjusted by responsible officers to the strength which is considered by them to be necessary for the safe and efficient working of the traffic.

"Settlement of the details of the traffic staff to be employed at each station is entrusted by Government to the Manager of the Railway.

"(*b*) No special risks are entailed in working the traffic on the Poradah-Rajbari single line, and the line is capable of dealing with a heavier traffic than now ever passes over it."

INCOME-TAX IN THE DISTRICTS OF BENGAL FOR 1901-1905.

The Hon'ble Babu Ambika Charan Mazumdar asked:—

Will the Government be pleased to call for and lay on the table a statement containing the following particulars regarding the assessment of income-tax in each district for the years 1901-1902, 1902-1903, 1903-1904 and 1904-1905, in the subjoined or any other form that may be found convenient?:—

STRIKE IN THE GOVERNMENT SHELL FACTORY AT COSSIPORE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Has the attention of the Government been called to a paragraph in the *Amrita Bazar Patrika* of the 17th February, 1905, in which it is stated that over three thousand workmen have struck work at the Government Shell Factory at Cossipore? Is it true, as stated in the said paragraph, that the strike is due to the factory authorities having extended the working hours, from 8 A.M. to 4 P.M., to 7-45 A.M. to 8-15 P.M.? If so, will the Government be pleased to inform the Council what action it has taken or proposes to take with a view to pacify the strike?

The Hon'ble MR. EARLE replied:—

"The attention of Government had not been drawn to the paragraph in question when the Hon'ble Member put his question. Inasmuch as the Government Shell Factory at Cossipore is administered by the Government of India through the Director-General of Ordnance, the Lieutenant-Governor confined himself to ascertaining that the strikers returned to work after two days and that the public peace was in no way endangered."

RAILWAY LINE BETWEEN GOPALPUR AND SERAJGANJ.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government be pleased to state what is being done with regard to the proposed railway between Gopalpur and Serajganj?

The Hon'ble MR. INGLIS replied:—

"A survey and estimate for a line from near Gopalpur to Serajganj have been completed. The line would be 49¼ miles long to the town of Serajganj, and, on the broad gauge, is estimated to cost 62 lakhs of rupees. An investigation has also been made during the present cold season of the possibility of extending the line to opposite Jagannathgunge, the terminus of the Dacca system of railways. An estimate of the cost of such an extension is now under preparation."

RETURNS OF BIRTHS AND DEATHS IN THE DISTRICTS OF JESSORE AND NADIA AND IN THE SUB-DIVISION OF NATORE FOR 1901--1905.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government be pleased to lay on the table a tabular statement giving for the years 1901-1902, 1902-1903, 1903-1904, 1904-1905, the births and deaths (and in the case of the latter, showing in separate columns those due to fever and cholera and the total number, of deaths and the rate *per mille*, in the district of Jessore; in such important places in the district of Nadia, as Krishnagar, Navadwip, Santipur, Meherpur, Chakdah, Kushtea, Kumarkhali and in the Sub-division of Natore in the Rajshahi Division, all of which showed a decline of population at the last census?

The Hon'ble MR. SHIRRES replied:—

"A statement which contains the information asked for by the Hon'ble Member has been laid upon the table."

THE BENGAL SMOKE-NUISANCES BILL, 1904.

The Hon'ble MR. CARLYLE presented the Report of the Select Committee on the Bill to amend the law relating to the abatement of nuisances arising from the smoke of furnaces or fire-places in the town and suburbs of Calcutta and in Howrah, and to provide for the extension thereof to other areas in Bengal. He said:—

"Government propose to take up the discussion of the Bill on the 25th of this month."

THE SUNDARBANS BILL, 1904.

The Hon'ble MR. HARE moved that the Report of the Select Committee on the Bill to provide for the abolition of the office of Commissioner in the Sundarbans be taken into consideration.

The Motion was put and agreed to.

The Hon'ble MR. HARE also moved that the clauses of the Bill be considered in the form recommended by the Select Committee.

The Motion was put and agreed to.

Clauses 3 and 4.

The Hon'ble MR. CHAUDHURI moved that clause 4 of the Bill be omitted. He said:—

"Having regard to the comprehensive character of clause 3 of the Bill as settled in Committee, clause 4 of the same seems to me to be a superfluity. If all the powers and functions that were formerly vested in, and exercised by, the Commissioner in the Sundarbans are now to be vested in, and exercised by, the Collector of a district, it goes without saying that any reference to the said Commissioner in the existing leases, agreements and *amalnamas* will be interpreted by the Law Courts as referring to the Collector. A reference to the terms of the leases will show that there need be no apprehension on this account.

"But before referring to the leases I would point out that if clause 4 stood in its present form it might give rise to difficulties of the very nature which it is its object to remove. This clause says that in respect of written instruments relating to land in the Sundarbans, all references to the 'Commissioner in the Sundarbans' will be construed as referring to a Collector. The Commissioner in the Sundarbans had also other duties. For instance, Regulation IX of 1816 placed him in charge of the Akbari Mahal, and the Report of Select Committee purports to transfer his powers and functions in this respect as well to the Collector. In exercise of such functions he might have had to execute written instruments, such as the granting of licenses, &c. Written grants of this kind would not surely fall within the category of 'written instruments relating to land.'

"The expression 'relating to land' goes to restrict the scope of the interpretation clause considerably. A similar expression, viz., 'disputes relating to land' in the Code of Criminal Procedure has given rise to a great deal of litigation and legal interpretation; and, if possible, I would avoid such expression in an interpretation clause. Supposing the Commissioner in the Sundarbans had to lease out fisheries or grant license for cutting wood, gathering wax and honey, collecting shells, &c., grants of this kind made in writing would not surely be classed as instruments relating to land. In case if such documents or other agreements or contracts, which may not relate to land, are forthcoming, any reference therein to the Commissioner in the Sundarbans ought surely to refer to the Collector. The Hon'ble Mr. Collin mentions in his note on this Bill that besides the leases referred to by him, there may be other deeds and documents which he has not been able to trace. But under the present limitations of clause 4, question may arise as to whether reference to the Commissioner in such instruments will refer to the Collector. The three instances of powers reserved to the Commissioner in the Sundarbans in the cultivation, the *howladari* leases or *amalnamas* would, as a matter of course, be exerciseable by the Collectors who are now vested with the Commissioner's powers within their local jurisdiction both by virtue of clause 3 and by the terms of the very written instruments themselves.

"For instance, in cultivation leases it is provided that in cases of boundary disputes between lessees of adjoining plots, the dispute is to be submitted to the decision of 'the officer exercising the powers of the Commissioner of the Sundarbans for the time being.' Now after clause 3 becomes law these words would unmistakeably and unquestionably point to the Collector within his local area as exercising such powers. I am sure that the Hon'ble Members will agree that if there be any possibility of the existence of any written instruments other than those relating to land, it would be better to drop clause 4 altogether."

The Hon'ble MR. O'KINEALY said:—"—I regret I am unable to support the amendment proposed by the Hon'ble Mr. Chaudhuri. It seems to me that acceptance of that amendment by the Council will be placing upon the words of the third clause a greater strain than they could bear. The Regulation which it is the object of this Bill to repeal by the second section vested certain powers in the Commissioner, and these are the words of section 2, Regulation IX of 1816: 'The Commissioner shall be vested with all the duties, powers and authority which have been or may be exercised by the Collectors of Land Revenue (including the charge of the Abkari Mahal) under the rules and regulations which may have been or may be enacted.'

"As I have said, it being the object of this Bill to repeal this Regulation, it became necessary to restore those powers which had been given to the Commissioner of the Sundarbans to the officers from whom they had been taken, and that is what clause 3 proposes to do. It follows the words of section 2, which confer powers on the Commissioner of the Sundarbans under the Regulation of 1816, and enacts that: 'All the powers and functions heretofore vested in and exercised by the Commissioner in the Sundarbans in any district shall henceforth be vested in and exerciseable by the Collector of that district.'

"There were duties other than those I have mentioned which the Commissioner of the Sundarbans had to perform, and they were what might be called the duties of an arbitrator, that is to say in granting leases, *amalnamahs* and other documents concerning the leasing of land in the Sundarbans there were provisions to prevent unnecessary resort to litigation in cases of disputes and to prevent also resort to physical force in cases of persons disputing about the boundaries of their holdings. There was always a clause in these leases that the settlement of disputes which might occur, if they did occur, between neighbouring landholders, should be referred to the Commissioner of the Sundarbans for his decision. In acting in this way under powers which are not given by the law but acting merely in the position of a private arbitrator owing to an agreement between the different parties it seemed to the Select Committee—and I think rightly—that this was a class of matters which was not dealt with by clause 3, because as I say in this latter class of cases the Commissioner of the Sundarbans is in the position of a private individual and not in the position of a public officer having statutory powers.

"The Select Committee therefore thought it necessary to deal with this class of duties of the Commissioner of the Sundarbans and give those powers to the Collector, because it is of the greatest possible importance that the powers which were exerciseable by the Commissioner should be exercised by somebody else, as otherwise the result would be that the landholders in the Sundarbans would be either driven to physical force for the purpose of settling their disputes, or to litigation which might mean to them ruin. In that view the Select Committee drafted the fourth clause in this way:—

> In every written instrument relating to land in the Sundarbans executed prior to the commencement of this Act, all references to "the Commissioner in the Sundarbans" shall be construed as referring to the Collector of the district in which the land or any part of it is situated.

"The matter has been enquired into, and I understand there are no documents or deeds other than those in connection with land in the Sundarbans, and the duties cast upon the Commissioner of the Sundarbans are wholly within this section. The Select Committee therefore confined themselves to the question of land in the Sundarbans, because if one makes a section so wide as to make it indeterminate, it is not merely a flaw in legislating, but it becomes a danger. There may be some of these leases which cover lands extending over more than the borders of a neighbouring district, and if it were left that the Collector of the district should be substituted merely for the Commissioner of the Sundarbans in leases in which the land extends over the boundary of a district

[Mr. O'Kinealy; Mr. Hare; Babu Bhupendra Nath Basu; Babu Kali Pada Ghosh; Mr. Chaudhuri.]

it would be indeterminate, and one could not say who was the Collector to exercise jurisdiction. To avoid that difficulty the Select Committee thought that the words 'in which the land or any part of it is situated' must be put in. The Collector of each district may have jurisdiction. In all probability the dispute arises in a portion of the land which is within a certain district, it will be the Collector of that district who will exercise jurisdiction.

"Therefore I submit that clause 4 of the Bill deals with matters which are foreign to clause 3, and to abolish clause 4 and leave clause 3 to do the functions of both clauses would, as I say, put upon it a strain which the words of the clause would not bear."

The Hon'ble MR. HARE said:—"I agree with the Hon'ble Mr. O'Kinealy that it is necessary and desirable to retain clause 4, partly for the reasons which have been given in the Report of the Select Committee, and for the further reason that there may be agreements in which the Commissioner of the Sundarbans may be mentioned as an arbitrator in a *quasi*-private capacity. I think therefore it is necessary that we should retain clause 4, and I oppose the amendment."

The Hon'ble BABU BHUPENDRA NATH BASU said:—"I support the learned Advocate-General in the contention he has submitted to the Council. Section 3 of the Select Committee's Report deals with the powers and functions of the Commissioner in the Sundarbans—powers and functions which he may emphasise or which may be vested in him under any Statute, and section 4 deals with documents in which the Commissioner of the Sundarbans is referred to either in a private capacity or in a *quasi*-public capacity and in which he exercises powers and functions not devising them by Statute, but under agreement. I think it might lead to a great deal of difficulty and confusion if section 4 as drafted by the Select Committee were omitted. The only objection that the Hon'ble Mr. Chaudhuri has to this section is that it is superfluous; but on the other hand the omission of it may give rise to great difficulties, and in that view I would humbly submit that the recommendation of the Select Committee with regard to this section may be accepted."

The Hon'ble BABU KALI PADA GHOSH said:—"Although I fully agree with the Hon'ble Mr. Chaudhuri that the word 'land' as used in clause 4 of the Bill may give rise to controversy, I cannot go so far as to say that the clause should be omitted, and I agree with the Advocate-General, for the reason stated by him, that the retention of clause 4 is necessary."

The Hon'ble MR. CHAUDHURI, in reply, said:—"I beg to correct the Hon'ble Babu Bhupendra Nath Basu when he says that my only objection to clause 4 is that it is superfluous. I did not simply say that it was superfluous, but I urged for its omission also because of the limited nature of the expression 'instrument relating to land.' It does not cover general agreements and contracts. If there were none of that kind, I would not press my objection, but if there be any—and we are not sure whether that is the case or not—it would be rather risky to have clause 4 in its present form."

The Motion was then put and lost.

The Hon'ble MR. CHAUDHURI also moved that clause 3 of the Bill be amended as follows and that clause 4 be omitted:—

> All the powers and functions heretofore vested in, and exercised by, the Commissioner in the Sundarbans in any district shall henceforth be vested in, and exerciseable by the Collector of that district, and in every written instrument all references to the Commissioner in the Sundarbans shall be construed as referring to the Collector.

He said:—"I have already given my reasons for regarding clause 4 as it stands now as being of very restricted operation, limited as it is in regard to written instruments relating to land. I think, therefore, that if it be desirable to retain it, it, would be better to read the two together as above. In the amendment I propose, clause 4 has been tacked on to clause 3 with certain omissions. The expression 'relating to land' has been omitted to widen the scope of the interpretation clause. In the next place, although the words 'Collector of the district in which the land or any part of it is situated' are omitted, still in clause 3 the words 'by the Collector of that district' all ambiguity is removed with regard to the expression 'Collector' with which the amended clause closes. If it is the Collector by

[*Mr. Chaudhuri; Mr. O'Kinealy; Mr. Hare; Babu Kali Pada Ghose.*]

whom all the powers and functions heretofore vested in, and exercised by, the Commissioner in the Sundarbans is to be exercised within whose local area any boundary disputes arise, he will surely be the officer who would arbitrate with regard to such boundary disputes. If the boundary extends to the jurisdiction of another Collector, either of them or both may arbitrate by arrangement. If we go on reading clause 4 into clause 3 thus 'and in every written instrument' without limiting the expression 'written instrument' to land, then it would include agreements, contracts, deeds or documents of every kind, and in such written instruments all references to the Commissioner in the Sundarbans will be construed as referring to the Collector. In putting clause 3 in the form in which I have, I think it will cover the interpretation clause and at the same time obviate the difficulties that may arise from limiting clause 4 to written instruments relating to land."

The Hon'ble MR. O'KINEALY said:—"I regret that I cannot support the present amendment of the Hon'ble Mr. Chaudhuri. The first objection that I have to the amendment he now proposes is this. I explained in the observation which I made on the previous amendment that the subjects of clause 3 and clause 4 as they now stand are entirely different and distinct and have nothing to do one with the other. What the Hon'ble Member proposes to do is to mix those clauses together, that is to say, to make one clause deal with two different description of matters instead of having them dealt with separately as they are in the present Bill. That is to my mind a flaw in the proposed amendment which will prevent my supporting it.

"But there is also this. The proposed amendment necessitates that the words of section 3 as they now stand should be made to support the provisions of clause 4 which relate to entirely different matters. That I think is another flaw which shows that the present manner—that is, the manner in which the Select Committee have dealt with these two clauses—is preferable to that proposed by the Hon'ble Member.

"There is another matter also in which this clause is ambiguous, and that is with reference to leases of land extending over two districts. There is no provision which covers this at all, and the Hon'ble Member has had to resort to an elaborate argument for the purpose of supporting his view. I think it is desirable to avoid any such necessity, and that it is better to make the sections plain and distinct as to what they are intended to mean.
